Thirty-Fifth Year. DECATUR, ILLINOIS, WEDNESDAY EVENING, JULY 2, 1913. PRICE TWO CENTS. No. 183.

LAMAR IMPERSONATED TWO CONGRESSMEN

Confidante Of Russell Sage And Other Great Financiers Amuses And Astounds Probers For Lobby.

Washington, July 2.—Lamar, Wall street operator and one time confidante of Russell Sage, James R. Keene and other financiers, amazed the senate lobby committee today by smilingly and frankly testifying that it was he who impersonated Representative Palmer and Riordan in telephone conversations with Lewis Ledyard, Paul D. Cravath, Chairman Robert S. Lovett of the Union Pacific board and other prominent financiers telling them that Edward Lauterbach, a New York lawyer could do great things for them in Washington.

FORGERY CHARGED

Lamar also astonished the committee by making a detailed charge that the Union Pacific railroad's bonds had been forged in 1901 on an item covering $5,000,000 and that as one result, Kuhn, Loeb & Company and the late E. H. Harriman had laid the foundations of their fortunes.

PART OF BEAR ATTACK

When Lamar was finished, Paul D. Cravath of counsel for the Union Pacific, put in a prepared statement to the committee alleging that Lamar's charges concerning the $82,000,000- which amount is connected with the Union Pacific surplus was part of a bear campaign to depress Union Pacific stock, of which the railroads officials have had knowledge for several days.

AMUSES AND ASTOUNDS

Lamar amused, entertained and astounded the committee as he freely testified as to his impersonation of congressmen over the telephone. He did it," he said, to impress the financiers with the abilities of his friends, Edward Lauterbach, but he stoutly denied that he was trying to get an item that Lauterbach could profit by legal fees.

RELATIONS WITH SAGE.

In fact, Lamar said, Russell Sage authorized him to proceed to compel the Union Pacific to pay the government $58,000,000 in bonds owing it. Lamar, with Senator Foraker, came to Washington and conferred with President McKinley.

We were charged with being a pair of conscienceless blackmailers," said Lamar, "but that had no effect on us."

When Sage retired from business in 1906, on Sage's recommendation, he became associated with James R. Keene. I never said he warned Keene, when the latter was buying Union Pacific stock, that the railroad would ruin him to get revenge for Lamar's previous activity. He detailed how, when Keene and his associates had $45,000,000 Union Pacific, he took steps to enjoin the voting of certain stock, so that E. H. Harriman would be compelled to buy Keene's stock at a high figure. With Keene's approval he retained Lauterbach's law firm and paid $25,000. Lauterbach and Lamar came to Washington, paid Forker a fee and engaged him.

LOST THEIR FORTUNES

When the injunction was finally decided against Keene, Union Pacific stock went down and Keene and his friends lost most of their fortunes.

"As a result of the panic of 1907," said Lamar "Harriman, Kuhn, Loeb & Company, the National City bank and Morgan and Company became bound together as with an iron band."

"For the purpose of rendering my friend, Lauterbach, a service," he said, "and to restore him to his former friendly relation with Kuhn, Loeb and company, Jacob Schiff and the Union Pacific, I did have conversations over the telephone with Union Pacific officials and others, and in those conversations I did use the names of other persons. But there was no suggestion of a fee to Mr. Lauterbach. On the strength of these telephone messages, Judge Lovett came here and charged that Edward Lauterbach has tried to blackmail him."

The Lauterbach incident, he added, "paled into insignificance compared with an $82,000,000 forgery which he alleged was committed on the Union Pacific books in 1901.

DOESN'T KNOW WHO DID IT.

"I don't know who did it," said Lamar, "the chairman of the board or the office boy, but I do know this $82,000,000 was the fulcrum which enabled Harriman and Kuhn, Loeb and Company to gain control of these corporations."

JUGGLED THE BOOKS.

He described a double entry of $82,000,000 representing securities the Union Pacific assumed in taking over the Oregon Short Line and the Oregon Railway and Navigation. The items, he said, were carried in the "consolidated balance sheet" of the Union Pacific June 30 1900, but between that time and June 30, 1901, he alleged some one had erased the $82,000,000 item from one side of the ledger leaving it on a credit balance on the other side.

"They took all the securities of the Oregon Short Line ad the Oregon Railway and Navigation," he said, "and used them as security for an issue of bonds. They got that money and used it to finance the deal for the Northern Pacific and Great Northern transactions, and the flotation of Great Northern ore properties which they sold out at an enormous profit."

GOT KUHN, LOEB LOANS.

Later, Lamar alleged, the principals in the transaction went to Kuhn, Loeb & Company and secretly got nearly $3,000,000,000, which he believed was for their own use.

Lamar testified he used the name of Representative Daniel J. Riordan of New York, telephoning to Chairman Lovett of the Union Pacific.

On another occasion, Lamar testified he called up Paul D. Cravath, of counsel for the Union Pacific, suggesting Lauterbach would be a valuable adviser.

On another occasion he talked over the telephone to Lewis Cass Ledyard using Representative Palmer's name and with Maxwell Evarts using Representative Riordan's name. In both conversations he spoke about Lauterbach.

Senator Nelson inquired that Lamar testify expressly whether he stated in fact, had influence in Washington with officials, senators or representatives.

"I am inclined to believe that in my conversation with Mr. Ledyard I went very far in that direction on the affirmative side," returned Lamar.

PALMER'S NAME INFLUENTIAL.

"Why did you change to Palmer's name instead of sticking to Riordan's?" demanded Senator Nelson.

"Well, Mr. Palmer was very much in the public eye then, as one who would have great influence at Washington with the incoming Democratic administration," replied Lamar. He added that he did not know Palmer, and had no authority to use his name.

Lamar said the late J. P. Morgan's opposition to Lauterbach caused him to telephone Ledyard, using the name of Representative Palmer, to try and win his confidence and find out who had ostracized Lauterbach.

ONLY PRESIDENT LEFT OUT

"I found out it was Ledyard himself," said Lamar. He added he knew Ledyard had a stenographer on the line making a record of the talk.

"I read everything into it I could," said Lamar. "I think I offered him the entire government. I may have left the president out."

LAUGHTER.

Lamar set the committee into laughter with his story of how he impersonated Palmer, lectured Ledyard because he did not go to church and told what remarkable things Lauterbach could do at Washington for the Morgan firm. "I told him that the defiant attitude of the Morgan firm toward the Democratic administration in congress had much to do with the decline in the value of Morgan securities," continued Lamar. "I called attention to the money trust, and other investigations, and urged Mr Ledyard to employ Lauterbach."

REGULAR JOHN THE BAPTIST.

"You were trying to convince Ledyard that Lauterbach was a sort of John the Baptist for the Morgan firm?" suggested Senator Nelson.

"That's it exactly," returned Lamar.

"Then I called up Mr. Palmer's office in Washington," said Lamar with a smile, "and found he would be in Bethlehem, Pa., the next Sunday. Then I called Mr. Ledyard and told him to call Palmer there. I had done all I wanted to; gotten an interview for Lauterbach with Ledyard and I didn't want Mr Palmer injured. I wanted to clear the atmosphere and prevent a possible scandal for Palmer."

DECEPTION REVEALED.

The deception was revealed to Palmer and Ledyard that Sunday.

Senator Overman insisted on knowing if Lamar ever impersonated any other congressman.

"OH, LORD! I MAY HAME."

"Oh, Lord! I may have," said Lamar.

DENOUNCES MERGER DISSOLUTION.

Lamar diverted from his narrative to denounce the Union Pacific merger plan recently approved by the federal court at St. Paul, agreed to by Attorney General McReynolds and approved by President Wilson. The exchange of Southern Pacific and Baltimore and Ohio he characterized as a farce and added that Mr. McReynolds has been "derelict in his duty."

Lamar said that his plan was for the Union Pacific to buy the Central Pacific with Southern Pacific stock.

LAMAR NOT ORIGINAL NAME.

Senator Cummins questioned Lamar sharply and in the exchange, the witness testified he was a Methodist and that Lamar was not his original name. He declined to give that.

"I have had several names," he said.

TO PROBE MULHALL CHARGES.

Washington, July 2.—Representative Neeley and Sherley both introduced resolutions today for an investigation by a house committee of five into the charges of Martin M. Mulhall, concerning his relations with congressmen in his work as chief "lobbyist" for the National Association of Manufacturers. Ten thousand dollars would be appropriated for expenses.

M'LOUGHLIN WINS FINAL ROUND

Will Play English Titleholder Next Friday.

Wimbledon, July 2.—Maurice E. McLoughlin, the American champion, today beat Stanley N. Doust, the Australasian Davis cup captain in the final round of the all England gentlemen's singles lawn tennis tournament in three sets. He took the first set 6 to 3, the second 6 to 4 and the third 7 to 5.

MUST PLAY TITLEHOLDER

The winner of today's match has to play A. F. Wilding, the present titleholder, for the championship, on Friday, July 4.

It was conceded by English experts that the young American player was the strongest exponent of the game seen on English courts for years—one newspaper describing him as "The Californian comet."

There was much disappointment in England at the failure of a single English player to reach the final round. The only consolation was that Doust, an Australian, and Wilding, a New Zealander, had learned most of their tennis lore in the British Isles.

PRESIDENT OF COLLEGE DIES

Grove City, Pa., July 2.—The Rev. Dr. Isaac B. Kepler, aged fifty-nine, for thirty years president of Grove City college here, died early today as the result of an operation for appendicitis. He was well known as an author

6,000 VETERANS ON WAY HOME

Gettysburg, Pa., July 2.—The tide of invasion turned back from Gettysburg today and the armies of the blue and gray began to melt away under the compelling influence of a torrid sun and the discomforts of camp life. General Hunter Liggitt, U. S. A., in command of the camp, estimated that more than 6,000 veterans have gone, and expressed the opinion that 1,000 might depart before midnight.

CAMP OVERCROWDED.

Most of them have looked over the battle field, shaken hands with comrades they know in their regiments, got another glimpse of their friends the "rebs," and left for home. The regular army men were not sorry to see the thousands go, for the camp was crowded beyond capacity and hundreds of old men were being quartered in tents that were made for dresses but not for sleeping purposes. Scores slept on the ground and although the cooks made strenuous efforts, the mess tables did not groan with food.

ANOTHER HOT DAY.

There were no other reasons for army rejoicing today for all indications pointed to another unusually hot day. The sun was not over the hills an hour until the mercury was around the ninety mark and promised to soar much higher. The veterans have stood the heat in wonderful fashion in the opinion of the medical men, but any time there is a protracted hot spell scores of real prostrations may result.

"MILITARY DAY."

This was "military day" in the big tents with Colonel Andrew Cowan of Louisville presiding. Major General John R. Brooke of Pennsylvania, was the northern orator of the day and Sergeant John C. Scarborough of North Carolina, the silver tongued defender of the south. To Barry Bulkley of Washington, D. C., was given the honor of reading Lincoln's Gettysburg address.

MEN IN BLUE VISIT "REB" TENTS.

One of the unadvertised reunions of the celebration occurred last night in the confederate section of the camp. A fife and drum corps of men in blue tramped up and down the streets of the confederate part of the city of tents. They stopped before the tents, played such a fanfare as only drums and fifes can make, summoned forth the occupants and shook hands, threw their arms about the gray shoulders and in a dozen other ways showed their feelings of friendship. They kept it up for hours and hours and visited practically every "reb" tent. Their reception was as warm as their greeting.

FEW IN HOSPITAL.

Colonel Bradley, the army officer in charge of the camp hospitals, was surprised today when the records from all the hospitals under his command were turned in. Only 310 veterans remained in the hospitals over night and scores of them were not suffering from heat prostration, but from the ordinary ailments of old age.

Of the 310 in the army hospitals 265 had been received in previous days of the encampment so that the total of those who were received yesterday and who were in such condition as to require rest and medical supervision was less than 100.

The Pennsylvania state hospital camp has treated fewer men than the army has and the total number of those in camp and in Gettysburg who gave up to the heat and ordinary sickness was under 500.

ONLY SIX HAVE DIED.

Only six men have died in camp since Sunday, a record which has amazed the doctors, when it is considered that more than 50,000 old men are here.

Landes L. Glavis, sixty-eight years old of Westnoor, Pa., a member of Cunningham Post No. 97, G. A. R., dropped dead on the street in Gettysburg today.

REGULAR ARMY TOO SMALL.

Gettysburg, Pa., July 2.—Colonel Andrew Cowan of Louisville, Ky., captain of the First New York battery which was stationed in a clump of trees in the third day's fighting at Gettysburg, presided at the principal exercises in the big tent today. In introducing Major General John R. Brooks, U. S. A., retired, who spoke for the Army of the Potomac, and Sergeant John C. Scarborough of North Carolina, who voiced the sentiments of the Army of Northern Virginia, Colonel Cowan said:

REGULAR ARMY AN HONOR.

"Our regular army is an honor to the nation. It ought to be twice as large. Our navy has won the admiration of the world, but we ought to build two battleships for every one laid down by Japan. Our coast cities with their great wealth are exposed to hostile attack. Why should they live in fear?

"We have become a world power, whether for good or ill; who can say? We must protect our coast possessions.

"We must guard our immense sea coast against invasion. Let us be prepared to command peace."

PASS BILL OVER GOVERNOR'S VETO

Madison, Wis., July 2.—For the first time during this session, the assembly today passed a bill over the governor's veto. The bill by Assemblyman Bowe, changing the methods of appointment of the board of university visitors, and increasing its powers of investigation. Speaker Hull declared the veto was inspired by university influences.

SUFFRAGETS CALL ON CHAMP CLARK

Washington, July 2.—A committee of women suffragists called on Speaker Champ Clark, majority leader Underwood and Chairman Henry of the house rules today, urging a standing committee on woman suffrage in the house. Mrs. Alice Paul, Mrs. William Kent and Mrs. Helen Todd were among

Marquis of Northampton Agrees to Pay Daisy Markham's Price.

London, July 2.—Two hundred and fifty thousand dollars and all of the costs of the suit is the price the Marquis of Northampton has agreed to pay to settle the suit for breach of promise brought against him by the actress, Miss Daisy Markham, whose real name is Miss Violet Moss. The costs will amount to a considerable sum on account of the number of distinguished counsel engaged to plead for the opposing parties.

KNOWN IN AMERICA.

The marquis, better known as Earl Compton, only recently succeeded to the title at the age of twenty-seven. The plaintiff is well known both in America and the British Isles under her stage name.

The settlement was announced when the case was called in the high court of justice today in a court room crowded with fashionable women and actresses who had come in anticipation of listening to some interesting evidence.

EXPENSIVE LAWYERS.

Sir Edward Carson, a former solicitor general, and Edward G. Hemmerde, recorder of Liverpool and member of parliament with two junior barristers, appeared on behalf of Miss Markham, who sued in her real name of Miss Moss. On the other side for the marquis were Henry E. Duke, a Unionist member of parliament, Frederick E. Smith, one of the Unionist leaders, and Raymond Asquith, son of the premier.

The engagement of all this legal talent makes the cost of the suit mount into tens of thousands of dollars.

The young marquis had previously offered $50,000 to settle the case and many people had thought Miss Markham unwise not to accept the offer.

SENSATIONAL STORY EXPECTED.

When Miss Markham insisted on proceeding with the suit, London gossips anticipated that she had a sensational story to tell and interest in the suit rose accordingly.

The damages agreed to today are the heaviest for many years in a breach of promise suit.

As soon as the preliminaries had been completed, Sir Edward Carson informed the court that a settlement had been reached after consultation between counsel on both sides.

PROMISED TO MARRY HER.

Sir Edward explained that Miss Markham met the marquis last year when he made a promise of marriage to her which was not denied. Subsequently at the desire of his father the marquis broke off the engagement. In doing so he wrote Miss Markham that he wanted her to believe his action had been taken from a sense of duty, genuinely believing it best for both parties. When his father talked to him, the marquis wrote, he "faced me with the same thoughts I told you of when I first loved you which I have ever since been trying to suppress."

HIS BEAUTIFUL DREAM.

The marquis further wrote: "You do not know how these so-called ladies will treat you and I really could not bear to see you suffering it. Oh, if I could but escape from my position. You will always be my ideal. My beautiful dream."

The letter concluded "Your broken hearted Bim." This was the Marquis of Northampton's nickname.

Sir Edward continued that the Marquis of Northampton had made provision for the lady such as she would have been entitled to had he made her a marchioness. He then announced the settlement for the sum of $250,000.

FATHER FORBADE IT.

Henry E. Duke, counsel for the defendant said in confirming the settlement that when the Marquis of Northampton, who was then Earl Compton, asked his father's consent to his marriage with Miss Markham he laid upon him an absolute prohibition and took from his son a solemn engagement that he would not pursue his desire to marry the plaintiff.

GOLD MINING MAY BE STOPPED

South African Industry Tied Up By General Strike.

Johannesburg, South Africa, July 2.—A strike has broken out in the Rand district which threatens to tie up the entire gold mining industry of South Africa. The dispute arose from a simple question about working hours in the new Kleinfontein mines and from there gradually spread over the whole, until the situation became so serious that troops were called out to protect property.

The leaders of the unions have called a general strike and the men have promised to respond. The closing also of some coal mines has aggravated the situation and the railway employes threaten to come out. Meanwhile the electricians appear inclined to shut down the power stations which have therefore been occupied by the military.

FLIES ACROSS LAKE MICHIGAN

Chicago, July 2.—Jack Vilas of Chicago flew across Lake Michigan yesterday in an aerial boat. He left St. Joseph, Mich., at 2:41 o'clock in the afternoon and arrived in the yacht harbor off Grant Park one hour and fifteen minutes later. The distance is fifty-three and one-half miles. Vilas carried as passenger William Bastar of St. Joe.

The Vilas aerial yacht is the first aeroplane to cross Lake Michigan. Vilas himself has been flying but four weeks and is fresh from the Curtiss School of Aviation.

WILSON AT OLD POINT COMFORT

Newport News, Va., July 2.—President Wilson on board the Mayflower arrived at Old Point Comfort today. At his request the guns at Fort Monroe did not fire a salute. The Mayflower will steam toward Washington tonight.

$98,000 WORTH OF DIAMONDS FOUND

Clerk Confesses to Robbing Jewelry Store.

New York, July 2.—William Beck, a clerk who was employed by the Fifth avenue jewelry firm of Udall and Ballou, and who fled shortly after the firm was robbed last week of the $95,000 worth of gems, was arrested today in New Jersey and brought back to New York. He is said to have made a confession of his knowledge of the robbery.

His arrest followed the recovery today of the stolen gems in a valise at the Pennsylvania railroad station. The valise contained a card bearing the name of Beck's father, Frank E. Beck, who committed suicide several years ago. It was checked at the Pennsylvania station, according to the police, about two hours after the Udall and Ballou store had closed on the day of the robbery. When found, it contained all of the gems, including a spear shaped blue diamond of more than forty-three carats, valued at $30,000.

Beck had been missing since he jumped from a window at police headquarters on Monday while being questioned as to his knowledge of the robbery.

ORDERED TO SEIZE ICE PLANTS

Cincinnati Board of Health Will Distribute Ice.

Cincinnati, July 2.—Following a communication from Mary Henry T. Hunt, declaring that a public emergency exists because of the striking ice men, the board of health at noon today ordered the health officers of Cincinnati to seize and operate all ice plants in this city and to use every available means of distributing ice to the general public.

REFUSED TO ARBITRATE.

This action followed the refusal of the ice manufacturers to arbitrate their differences with the striking drivers, helpers and engineers of the ice plants.

The drastic action was brought on by a statement from the medical profession to the mayor that unless ice in bountiful quantities was obtained in a short period of time, the death rate would be increased 100 percent.

UNKNOWN WOMAN WAS MURDERED

Chicago, July 2.—The body of a well dressed, unidentified woman thirty-five years old, early today was found on a blood bespattered platform in the rear of a West Madison street store.

The jugular vein had been severed and nearby was a clasp knife with a blood stained blade three inches long.

There was evidence that the woman had struggled with her assailant.

ROBBERY NOT MOTIVE.

The police believe the woman was murdered after having been assaulted. They say robbery was not the motive as her assailant did not remove a gold necklace with a locket, a plain gold ring and a gold ring set with a ruby.

MAN ARRESTED.

Andrew Dufrain, forty-one, night watchman in the Volunteers of America hotel was taken into custody and questioned by the police in connection with the murder. It is said he was seen by a policeman entering the alley several hours before the body was found.

The police discovered numerous scratches on his right arm. He said he was scratched by a cat.

Bloody finger prints on the platform have been photographed by the police in an effort to identify the woman's slayer.

IDENTIFIED.

Chicago, July 2.—The victim was later identified as Mrs. F. Weston, a piano teacher and singer who appeared in moving picture theaters, sometimes being known as Mrs. Mitchell.

DICKSON MOVES TO CAMP LINCOLN

Annual Encampment of I. N. G. Begins Friday and Lasts Till Sept. 7.

Springfield, July 2.—With all his office force, Adjutant General Frank S. Dickson today transferred his headquarters to Camp Lincoln.

The First Infantry, Chicago, arrives Friday of this week to open the annual state encampment which will continue to Sept. 7.

MONARCHS TO MEET AT KIEL

Berlin, July 2.—The king and queen of Italy entered Germany today on their way to Kiel where they are to meet the German emperor and empress tomorrow.

It is generally assumed that the change in the European political and military situation caused by developments in the Balkans will be the subject of discussion between the monarchs and their ministers.

BAN LIFTED ON FRIEDMANN'S VACCINE

New York, July 2.—To meet the case of such tuberculosis sufferers who were treated in various hospitals in the city with the Friedmann vaccine during Dr. F. F. Friedmann's stay here and who desire to continue throughout the prescribed course, the board of health today lifted the ban against the remedy to allow further administrations provided it is done in designated institutions. The general prohibition of the use of the remedy is not lessened.

Wilson Makes More Nominations

Washington, July 2.—President Wilson today made the following nominations:

United States judge for the western district of Washington—Jeremiah Neterer.

United States marshals—Howard Thompson, for the northern district of Georgia; Charles W. Lapp, for the northern district of Ohio.

Surveyor general of Wyoming—Charles L. Decker, of Wyoming.

Receiver of public moneys at Phoenix, Ariz., J. J. Birdno.

Registers of land offices—John P. Kelly, at Pierre, S. D.; Thomas F. Weedin, at Phoenix, Ariz.

Counsel at Owen Sound, Ont., Canada, North Winship.

Postmasters—Byron Millard, San Jose, Cal.; S. Y. Watson, Baton Rouge, La.

HITCHCOCK BOLTS DEMOCRATIC CAUCUS

Senator Lost Effort to Pass Amendment.

Washington, July 2.—Senator Hitchcock of Nebraska, defeated in his effort to attach to the tariff bill an amendment for the graduated tax on tobacco production, withdrew today from the Democratic senate caucus. The caucus voted down his amendment by a vote of 23 to 18 and a spirited scene followed.

BISHOP JOHN JANSSEN DEAD

Passes Away At Episcopal Residence In Belleville.

St. Louis, July 2.—Bishop John Janssen of the Roman Catholic diocese of Belleville, Ill., died at the Episcopal residence in Belleville today.

DRASTIC LIQUOR "CODE" ADOPTED

Saloons Hit Hard By Duluth City Commissioners.

Duluth, Minn., July 2.—The Hicken liquor "code" became a municipal law of Duluth by unanimous action of the five city commissioners last night. It will be in effect within thirty days. Aimed very largely at what is known as "brewery control" (computed at 50 percent in Duluth), the ordinace provides:

Elimination of brewery control of saloons.

Penalizing by closing for one year the room in a building in which room the liquor law has been violated.

SCREENS BARRED.

Preventing the use of screens between cigar stores in saloons and the bar thereof between the hours of 11 p. m. and 5 a. m. week days and on Sundays.

Providing that only rooms facing avenue or street may be used for a saloon.

FREE LUNCHES ELIMINATED.

Elimination of free lunches, slot machines, dumb waiters and music; prohibiting gambling, prohibiting the sale to minors; barring women; prohibiting wine rooms; making possession of liquor by unlicensed person prima facie evidence of intent to violate the law, "but such possession may be sufficiently explained by the accused in his defense."

ROOSEVELT TAKES CRACK AT WILSON

Speaks Twice At Progressive Conference.

Newport, R. I., July 2.—"Navy day" with which the Progressive three day conference opened today, brought thousands of visitors to Newport to hear Theodore Roosevelt speak twice; partake of a Rhode Island clam bake, listen to speeches by several other Progressive leaders and witess a drill of the navy apprentices at the naval training station.

Many prominent Progressives were present.

SOUNDS KEYNOTE.

Colonel Roosevelt's speech this afternoon sounded the keynote of the Progressive policies and opened the discussion of party ideals and ideas that will continue two days. Referring again to President Wilson's article on "The New Freedom," Colonel Roosevelt said:

CRACK AT WILSON.

"A careful study of the articles that have appeared by President Wilson dealing with this subject since he was president has left me somewhat puzzled as to what he really does mean, but of course I assume that there must be meaning, and if this assumption is warranted then 'The New Freedom' means nothing whatever but the old license translated into terms of pleasant rhetoric."

CHANGE IN LONG AND SHORT HAUL CLAUSE

Long Lines Given Right to Compete With Short.

Springfield, July 2.—Thirty-five of the largest railroad systems in the state having the long line or route between any two common points are granted authority by the state board of railroad and warehouse commissioners in an order issued today, to continue and establish for transporting freight between such points the rates concurrently carried by the shorter line without affecting the rates at intermediate points on the long line or lines.

The board further orders that no advance in any class or character of rates to intermediate points shall be made without the permission of the state board of railroad and warehouse commissioners.

This is the first order issued in which the board has made a departure from the strict principle of the long and short haul clause of the statute.

NEW SUPERINTENDENT FOR ANNA ASYLUM

Springfield, July 2.—The state board of administration will today appoint, upon recommendation of Governor Dunne, Dr. R. A. Goodner of Nashville, Ill., as superintendent of the hospital for the insane at Anna, succeeding Dr. W. L. Athon of Marshall, resigned.

LITTLE CHILD ILL WITH MENINGITIS

The little child of Mr. and Mrs. C. W. Staley, 876 West Macon street, is ill with meningitis. A little child in the family of Ira Moffett near Boody is also suffering from the same disease.

MRS. JOHN HATFIELD IS SERIOUSLY ILL

Mr. and Mrs. James J. Hatfield and son of McCook, Neb., are in the city, called here by the serious illness of Mr. Hatfield's mother, Mrs. John Hatfield 432 West Macon street.

DR. BERNARD BURLEY AT POINT OF DEATH

Word has been received in Decatur by Mrs. Harry Hathaway, 1023 North Union street, that her brother, Dr. Bernard Burley, is at the point of death in Chicago. Dr. Burley is well known in Decatur, having attended the James Millikin university.

RELIEF FROM HEAT WAVE IN SIGHT

Washington, July 2.—General relief from the hot wave east of the Rocky mountains is believed to be in sight. The weather bureau here reports temperatures not as high in the middle west today as during the last several days.

The wave has traveled eastward and today forced the temperatures higher in the Atlantic states. The hottest section on the map was around New York and in New England. Cooler weather east, however, is expected tonight or tomorrow.

HUMIDITY CAUSE OF SUFFERING.

"To humidity," said Professor H. C. Frankenfield, chief forecaster of the weather bureau, "is due all the suffering throughout the country. Tonight or tomorrow there will be rains almost generally throughout the eastern half of the country and that will help a lot."

The Pacific slope is not in danger of a heat wave, the weather bureau says. Temperatures are somewhat higher west of the Rocky mountains, however.

THE WEATHER.

Chicago, July 2.—Following are the weather indications until 7 o'clock p. m. Thursday:

Generally fair tonight and Thursday; warmer in northeast portion Thursday.

Special Report and Forecast.

Springfield, July 2.—The temperature conditions have changed but little since yesterday morning. The readings are still a little above the normal. The barometer is low in the Rocky mountain and plateau regions, and high on the north Pacific coast and over the region extending from Lake Superior to Florida. Showers have occurred in the northwest and in the north central and the southern states. A heavy fall of 2.12 inches was reported at St. Louis, Mo. Fair weather, with but little change in temperature is indicated for this locality during the next thirty-six hours.

THE WEATHER MAP.

Chicago, July 2.—The weather map at 8 a. m. showed:

Illinois, Indiana, upper and lower Michigan, Missouri, Wisconsin, fair tonight and Thursday. Warmer.

Minnesota, North Dakota, increasing cloudiness with probably showers tonight or tomorrow.

Iowa, South Dakota, Nebraska, Kansas, generally fair tonight and Thursday. Warmer.

Local Observations.

Following is the range of temperatures as recorded by Professor J. H. Coonradt, United States weather observer:

7 a. m. Wednesday	72
Noon Wednesday	88
Highest Tuesday	88
Lowest Wednesday	70
Precipitation	.07
Sun rises (Standard time)	4:31
Sun sets	7:58

It is one thing to make soda crackers that are *occasionally* good.

It is quite another thing to make them so that they are always better than all other soda crackers, *always of unvarying goodness.*

The name "Uneeda"—stamped on every biscuit—means that if a million packages of Uneeda Biscuit were placed before you, you could choose any one of them, confident that every soda cracker in that package would be as good as the best Uneeda Biscuit ever baked. Five cents.

SPRINGFIELD HERE FOR FOUR GAMES

Donnelly's Club, Minus Kommers, Arrives.

LYNCH STEALS HOME

With Winning Run At Peoria, Tuesday.

Frank Donnelly and his Springfield club, minus the hard hitting Kommers, arrived in Decatur Wednesday morning for a series of four games with the Redmen. Either Heinie Stoker or Joe Kaiser will do the pitching for Decatur today.

LYNCH STEALS HOME

'Red' Lynch stole home with the winning run in the tenth inning of the final game at Peoria, Tuesday afternoon. Decatur's victory moved the team off the bottom of the Three I race and Peoria dropped into eighth place. The score was 1 to [illegible].

With the score tied in No. 10 Lynch singled and Duggan drew a walk. On a signal from Manager Reed a double steal was executed and Lynch trotted home with the winning run.

HARPER HAS MALLOY

Harper and Malloy were the opposing pitchers and the former had a shade the better of the argument. The score:

The Distillers lost again yesterday adding to the unfortunate condition of affairs in the Still City. Nothing has been done as yet about McCormick's successor. Barry was unfortunate in not securing a season contract as given Sts and must go to satisfy the knockers. It will be difficult for the association to find a worthy successor at this stage of the game.

Dubuque is up against the real thing now. Pitcher Jasper Rowland's hope who left the team here last Friday to go to his home in St. Louis, neglected to report at Danville and Lamline, after pitching his arm off against Bloomington was sent home to recuperate. This left Seaman and Gregg with an unknown Delano, for the Danville series.

The two regulars pitched the three games at Dubuque last em all. Unless Jasper and Lamline are ready for duty tomorrow the Dubs may drop to fourth place. Not a pleasant home coming for the Rowlandites.

DECATUR NEEDS ANOTHER HURLER

And One Will Probably Be Secured Soon.

BILL LELIVELT IS HERE

Recalls Old Times; Hartley Is 25 Today.

Another good pitcher is needed by the Decatur baseball club and will probably be acquired before long. The team needs a hurler who can hold down the opposing clubs while his mates are batting in the runs. Of course, a flinger of that calibre will be hard to find at this stage of the game and may cost some money, but that the club will land him is practically certain.

GREAT FAILING

One of the greatest failings of the Decatur team thus far this season has been the fact that the pitchers have been unable to pin the opposing teams down to one or two runs. When Decatur won it has always been necessary for the other players to bat across five or six or more runs.

WELL HELD DOWN

Then of course, when the Decatur team went against good pitchers such as Marks, Jasper, Lamline, Barnes and others the local batters were held down and the game went to the other club. Some of the pitchers have been going much better of late however and with the addition of a competent hurler, the staff is expected to be in fairly good shape.

LELIVELT HERE

Along with the Springfield club today came Pitcher Bill Lelivelt, the hero of Decatur in days gone by. It has been seven years since Bill hurled the pill with such telling effect on the Decatur diamond and since that time he has been in the Southern league, with Detroit in the American league, with Minneapolis in the American association and several dinky league clubs.

"Gee, but I'm glad to see Decatur again," said Lelivelt. "It's been ages since I was here last. The team here is not going so well as when I played on it under Reed, though."

George Reed and Lelivelt enjoined a reunion all of their own and talked over old times. Lelivelt says he will be glad to shake paws with any of the old time fans in Decatur that remember him.

HARTLEY'S BIRTHDAY

Today is the twenty-fifth birthday anniversary of Grover Hartley, catcher for the New York Giants. He was born on July 2, 1888, at Osgood, Ind. He became a major leaguer after playing only one year in organized baseball.

He obtained his first professional engagement in 1910 with Doc Childs Decatur club in the Northern association. He was traded to Kinsella at Springfield and at the close of the season was sold to the New York Giants. As a member of the Giants, he has been on two pennant winning teams and has taken part in two series for the world's championship. He stands 5 feet, 11 inches and weighs 170 pounds. He bats and throws right handed. In twenty-five games last season he had a batting average of .235.

SUNDAYS MADE "DRY" THROUGHOUT CAPITAL

Washington, July 2—Absolutely dry Sundays are provided for and many novel restrictions are imposed in the drastic excise law for the national capital, which went into effect today. Hotel guests henceforth may not have cocktails, highballs or a bottle of beer or wine even with meals on the Sabbath day, nor may liquors be served in clubs to the members thereof.

Saloons must keep closed from 1 to 7 a. m. Clubs also become dry at 1 o'clock.

PIRATES FALL BEFORE THE CUBS

Kommers and Coleman Fail to Hit Ball.

Chicago, July 2—Zimmerman's triple following singles by Evers and Schulte gave Chicago their second straight victory over Pittsburgh. Tuesday's score being 3 to 2. Wilson's home-run drive to the right-field signboard following Miller's single saved the visitors a shut-out. The game was a pitchers' battle between Cheney and Robinson, with honors in favor of the former.

Kommers and Coleman, the Three-I men with Pittsburgh, failed to hit. Score:

Chicago, 3-9-1; Pittsburgh, 2-7-1. Batteries—Cheney and Archer; Robinson, Hendrix and Coleman and Kelley.

OTHER NATIONAL GAMES.

Cincinnati, 11-17-3; St. Louis, 4-10-0. Batteries—Benton and Clark and Blackburn; Griner, Steele and McLean.

New York, 10-17-0; Philadelphia, 0-4-2. Batteries—Marquard and Meyers and Wilson; Alexander, Rixey, Mayer, Marshall and Killifer.

Boston, 6-8-1; Brooklyn, 1-8-1. Batteries—Rudolph and Rariden; Curtis, Yingling and Miller.

AMERICAN LEAGUE.

Cleveland-St. Louis game postponed on account of rain.

Washington, 7-12-0; Boston, 4-7-1. Batteries—Engel, Mullin, Hughes and Henry and Williams; Bedient, Leonard, Hall and Carrigan.

Chicago, 3-5-0; Detroit, 2-10-4. Batteries—Cicotte, Scott and Schalk; Willett and McKee.

Philadelphia, 2-6-1; New York, 1-5-5. Batteries—Bush, Houck and Schang and Lapp; Fisher, McConnell and Sweeney.

M'KINLEY NAMES TWO COMMITTEES

Springfield, July 2—The following committees were named yesterday by Speaker McKinley of the Illinois house of representatives, in accordance with the terms of joint resolutions adopted by the Forty-eighth general assembly.

To investigate state boards and departments for the purpose of consolidating them—John M. Rapp, Fairfield; Charles F. Clyne, Aurora; William McKinley, Chicago; Edward J. Smejkal, Chicago.

Illinois centennial commission—Clayton C. Pervier, Sheffield; George B. Baker, Golconda; John S. Burns, Chicago; James F. Morris, Springfield; John Huston, Blandinsville.

To investigate home finding institutions—Thomas Curran, Chicago; Rev. F. E. J. Lloyd, Chicago; Henry A. Shephard, Jerseyville and W. F. Burgess, Urbana.

LITCHFIELD HAS FIRST STRIKE

Litchfield, July 2—The first strike in Litchfield's history was on here yesterday, following the action of the molders and testers, with their helpers in the American Radiator company's plant here. The men are demanding an increase of 25 cents a day.

The plant employs about 400 men and thus far has been an open shop. It is believed, however, that the employes will be unionized in the near future.

Core makers in the plant went out yesterday and other employes are expected to quit. Both sides declare they will not give in and claim there will be no chance for arbitrating their differences. Officials of the company say the plant will be closed unless the strikers return to work.

NEW STANDARD SET FOR CARAT

DECATUR MAN LEADS MICHIGAN LEAGUE IN HOME RUNS

CECIL COOMBS.

Cecil Coombs of this city who was formerly with the local Three-I team and later with Danville is now leading the Southern Michigan league in long distance swatting. Coombs is playing on Dunny Jenkins Adrian team with Paul Smith of Mt. Zion. Thus far Coombs has piled out six home runs and eight three-baggers.

MIDDLETON TO GO TO THE PIRATES

Former Decatur Pitcher Is Slated for Advancement.

CHIC FRASER IS BUSY

Making Deals; Bad Luck for Percy Wilder.

If the Pittsburgh National league baseball club is not soon made up entirely of Three I players, it will not be Chic Fraser's fault. Fraser has been stalking through the highways and byways for his brother-in-law Fred Clarke for the last month, and both the Kommers and Coleman deals were made through his recommendations.

MIDDLETON NEXT.

Pitcher Middleton, formerly of Decatur, is next in line for advancement to the Pirates. Pittsburgh is sadly in need of capable pitchers and Middleton is expected to be able to deliver the goods for them.

TWO OUTFIELDERS.

Another deal completed by Fraser was the purchase of Outfielders Joe Kelley and George Watson from the St. Joseph club of the Western league. Both have been hitting well over .300. They will not report to Pittsburgh until next spring as St. Joseph could not spare them at this time.

Rustenhoven Is Sold.

Pitcher Rustenhaven formerly of Dick Kinsella's Springfield-Decatur team has been purchased from the Western league by Fort Worth of the Texas circuit.

Percy Wilder's Bad Luck.

Percy Wilder the former Three I pitcher has been having a lot of hard luck with his Jacksonville, Fla. team this season. The team has been going bad and is near the bottom of the South Atlantic league race. The fans, however, are proving game losers and are giving the club good support while Wilder is casting about for new players.

Scrap Over Bert Graham.

Sporting News: One portion of the management of the Terre Haute club released Bert Graham, the outfielder from Danville of the Three-I league because he was too high priced or for some other reason. Another portion of the management immediately re-signed him and announced that he would be used on first base instead of in the outfield. Must be fine for Goat Anderson who as the supposed manager of the team is sure a "goat."

CALLS SAXO SALVE "A WONDERFUL REMEDY FOR ECZEMA."

I am writing this with the hope that it may induce others who are suffering from skin affections as I was to try Saxo Salve. For three years I suffered from eczema and was treated by several physicians, but none seemed to relieve me from that terrible itching. I saw an advertisement of Saxo Salve and decided to try it. The very first application brought relief, and I cannot say too much for a remedy that has cured me from eczema.—Albert F. Knepka, 109 Wageo street, Utica, N. Y.

In all forms of skin disease Saxo Salve quickly allays the terrible itching, and its antiseptic, healing properties penetrate the skin and destroy the germs of disease.

If you have any skin trouble try Saxo Salve on our guarantee to return your money if it does not help you. Ellis W. Armstrong, Druggist, Decatur, Ill.

P. S. Our cod liver and iron tonic, Vinol, will purify and enrich the blood. Try it on our guarantee.

THE BROWN BOTTLE ABSURDITY

The brown bottle "bubble" has founded on the rocks of public opinion and the reason is so simple that it hardly needs explanation. Consumers of beer have listened patiently to the "skunky" whines of the brown bottle soloist, which is in discord with the actual experience of regular beer users. People have enjoyed their beer from light bottles for more than a score of years—they have relished it and pronounced it O. K. The statement that beer in light bottles is not palatable or wholesome is absurd and not founded on fact. This is conclusively proven by the daily experience of beer users.

The reaction has caused consumers to study the question with the result that it is now quite generally understood that common beer, which lacks the stability of higher grade beer, is necessarily put up in brown bottles. The greatest authority on brewing in America has opened the eyes of beer consumers on this question. Their letter follows—read every line of it:

Chicago, November 12, 1912

To our Clients—

Please take note that we have recently given our opinion to one of our clients as to the relative merits of the white and the brown bottle for beer as follows:

Referring to your recent request for our opinion on the relative merits of the white and the brown bottle for beer, we wish to say that the ONLY advantage of the brown bottle over the light bottle consists in the protection it affords against the influence of light. WHERE BEERS ARE NOT OF SUCH QUALITY AS TO BE IMMUNE, however, bottle beers have attained A HIGH DEGREE OF STABILITY, so that they are practically immune to such influences as prolonged chilling and prolonged storage at summer temperature, they also become less sensitive to the influence of light, so that with the usual precautions no bad effect need be feared. FOR SUCH BEERS THE LIGHT BOTTLE IS PREFERABLY EMPLOYED because it can more readily be inspected before filling to insure thorough cleanliness, and because the finished package reveals at a glance whether the contents meet the requirements of the consumer as to color, clarity and freedom from sedimentation."

Yours very truly,

Make Your Blood Pure and Immune With S. S. S.

The world renowned laboratory of the Swift Specific Company has collected a vast amount of information regarding the spread of blood diseases. In thousands of instances the most virulent types have been the result of coming in contact with disease germs in public places and the apparently insignificant pimple has been the cause. It spreads with astonishing rapidity often infecting the entire system in a few days.

It is fortunate however, that there is a remedy to cope quickly and thoroughly with such a condition, and thanks to the energy of its producers the famous S S S may now be had at almost any drug store in the civilized world.

This preparation stands alone as a blood purifier. It is somewhat revolutionary in its composition, since it accomplishes all that was ever claimed for mercury, iodides, arsenic, and other destructive mineral drugs, and yet is absolutely a purely vegetable product. It contains one ingredient which serves the active purpose of stimulating each tiny cellular part of the tissues to the healthy and judicious selection of its own essential nutriment. There are more cases of articular rheumatism, locomotor ataxia, paresis, neuritis, and similar cases resultant from the use of mercurials than most people are aware of. These facts are brought out in a highly interesting book compiled by the medical department of The Swift Spec. Co. 157 Swift Bldg. Atlanta Ga. It is mailed free, together with a special letter of advice to all who are struggling with a blood disease.

Get a bottle of S S S to-day of your druggist. It will surprise you with its wonderful action in the blood.

Decatur Railway & Light Co.

OPOSITION LIKELY 'O OLD SECRETARY

Harry Caldwell In Office Thirty-four Years.

AY MOVE OFFICES

Central Situation Desired By the Pythians.

The meeting of the Illinois Grand Lodge Knights of Pythias in Decatur Oct. 21, 22 and 23, promises to be one of the most interesting ever held. The local committee on arrangements has secured the Powers theater for those three days. The official headquarters will be at the St Nicholas hotel.

Arthur Johnson and Charles Franklin of Chicago and Smith Von Fossen of Beardstown are all candidates for grand outer guard. No new candidates have yet shown up for other offices. The custom is to promote from the next lower office.

OPPOSITION TO CALDWELL.

Harry Caldwell, present grand keeper of records and seals, may have opposition. He has held that office for thirty-four years, which fact alone would render his defeat easy in case some younger and popular member should go after it in earnest. Downstate Pythians have been talking this matter over for some time on the quiet and say they have a candidate in sight.

MAY MOVE GRAND LODGE OFFICES.

It seems to be the general belief that the board of grand trustees will at this meeting present a resolution for the removal of the grand lodge offices from Chicago to some city more centrally located. The lease on the present office quarters in Chicago will expire May 1 next year, and it would be just as easy to move to a more central location in the state as to move to another location in Chicago. It is believed the change will be ordered at this session of the grand lodge, so that everything can be in readiness for the removal of the offices as soon as the lease in Chicago expires.

ALTON WILL CONSOLIDATE OFFICES

Springfield July 2.—Announcement was made that on Aug. 1 all division offices of the Chicago and Alton railroad now located in this city will be moved to Bloomington the chief division point of the road. Fred S Elder, passenger agent, James Mann freight agent, S A Sturdavant claim agent, J F Farrell, trainmaster and thirty clerks and stenographers will move.

GOVERNMENT HELP FOR BETTER LIFE

Davis Interests Plant Bureau Officials.

Buel T. Davis, organizer of the Better Life Movement and the Better Life Canning industry here, was in Champaign Monday. There he met officials from the United States bureau of plant industry of the agricultural department, and secured from them a promise of help, financial and otherwise.

TRIES FOR RECOGNITION.

Mr. Davis has for some time been trying to secure the recognition of the department but had not succeeded until recently. They have now become very much interested in the Better Life movement. The financial help they cannot give at present, as the department has no money and will not have until the next appropriations are made. The other help will be a man to come here and oversee the new plant and assist in working up a good organization and securing support from among the farmers, then to work up similar factories among other communities in Macon county, all to use the one "Better Life" label on their products.

INTERESTS SMALL STOCKHOLDERS

The factory just being started here by Mr Davis is in a way a private institution conducted for profit and it might seem strange that it should get such help from the government. But the factory is based on a community plan ,in which the purpose is to interest as many stockholders as possible. Among its several purposes is to bring communities together through their interests in the factory and create more cooperation.

Mr Davis is at present selling stock for the canning company here. It will be capitalized at $15,000 and he already has sold about $3,000 worth of stock.

200 FOOT STACK PRACTICALLY DONE

Three Contractors Now At Work On Brick Plant.

The new brick smokestack of the Decatur Brick Manufacturing company was finished last week, except the fire brick lining, which is now being put in. The American flag now floats from the top, which is 200 feet from the ground and the highest point in Macon county.

Employes of three different contractors are now at work on the new plant, those engaged on the stack, those on the dry kilns and those on the main buildings. Work is being rushed as rapidly as possible.

One hundred and forty carloads of materials that will enter into the construction of the buildings has been received and unloaded. The machinery will begin arriving in a few days and will be set up as rapidly as possible.

The work of building tunnels has been completed. There is 1 300 feet of tunnel under ground. One system is to convey the smoke to the stack and the other is for the waste heat.

BEER IS POURED INTO RIVER

Kills Thousands of Fish and Damages Farmers' Stock.

Mendota, July 2.—Owing to a failure to pay the tax, 8 081 barrels of beer of the closed Mendota Brewing company was turned into the Mendota river here last night, resulting in the death of thousands of fish and detriment to farmers stock along the river. The farmers are up in arms and threaten dire vengeance on the city for allowing the beer to be poured into the river.

MIGHT BE EXPECTED.

It is not sure it is worth one's while to get excited in advance over published disclosures made by Colonel Martin M. Mulhall lately a lobby agent for the National Association of Manufacturers. In the New York World and Chicago Tribune of last Sunday he had five or six chapters of what is promised as a continued story of disclosures touching the methods employed by the association to further legislation and to do other work that was on hand

Mr Mulhall gives us to understand that he was largely in charge of lobbying work for several years perhaps as many as ten. During this time he feels sure he must have expended $200,000 Part of this money went to secure the election of candidates wanted by the association and part went to various forms of entertainment in Washington and elsewhere

It appears that Mulhall has fallen out with the association that employed him so long in a responsible position and now he proposes to tell all that he learned while in that employ More than this his disposition is to give an ugly twist to any fact that he relates. He was clear on the inside as he tells us for all those years and of course if there was anything ugly going on he knew about it There are not many active organizations in the country that could relish having a man turned loose to tell all the inside work for [illegible] years perhaps there isn't one

We judge from Colonel Mulhall's [illegible] that the N A M tried to [illegible] hand in politics and also endeavored to influence legislation along [illegible] It was probably one of [illegible] organizations in the country attempting something along that line. [illegible] the big feature of the [illegible] installment of Mulhall's story and [illegible] an effort to make it appear there must be something particularly heinous in a program to influence political currents and have a hand in political activities

But the reader must not allow himself to be carried away If he will stop and consider perhaps he can recall a good many organizations that have been more or less engaged in such work possibly he has been a member of one or more

Now you can take almost any organization and put it in active politics for ten years and in that time it will be guilty of some things that don't look well in print when told by an insider who has fallen out with his old companions and who turns about to rake them and get them in trouble If such a man can't tell a few tall stories, you can put it down that on the whole the organization he served must have been a rather tame affair in politics

Of course Mulhall will find something in the story of ten years and he will try to present it in the worst light But how does the showing compare with the real inside story told by an enemy, of any other active organization that has tried to get into the thick of the fight? This is the question the sane reader should put to himself

TAKING LONG CHANCES.

The men who got up this semi-centennial reunion on the battlefield of Gettysburg took a long chance A Decatur man who is entitled to the trip was asked why he didn't go He answered that he was afraid he might succumb to the hardships of the journey and the camp remarking that he can't now stand the things that were easy fifty years ago

Perhaps this Decatur stay-at-home showed good sense—though that is something that will cheat a man out of a lot of pleasure in life But the long chances were in the trip

Look at the story that came from Gettysburg Tuesday They had 15,000 veterans in the big tent for opening exercises The thermometer marked somewhere above the 100 mark And the average age of those veterans was around seventy years They came from all parts of the country to be present

It was a serious undertaking for men of that age The wonder is that altogether more fatalities have not been reported And the thermometer stood at the 100 mark and sometimes higher At this time of year one can never depend on the weather in this country, that is anywhere this side of favored spots beyond the Rocky mountains.

It would have been much pleasanter for the old veterans if they could have gone to Gettysburg the latter part of September, for about that time of the year we begin to have weather in which some dependence can be placed But the big battle was fought the first days in July so there was a feeling the reunion should come at this time And yet it is suspected the old veterans would have enjoyed it a great deal more if they had been called together in September The fact is that in this country the weather is likely to prove too serious any time in June July and August for men who have reached seventy years

But the old veterans are making a fine showing Don't forget this Probably they feel younger than they really are and that helps in a pinch

TALLY ONE FOR SOCIALISTS.

One can't blame Socialists in the German parliament for making a big noise over that demonstration of military justice that was put on in German army circles a few days since

Five reservists in the army got into a beer saloon near Erfurt and possibly had a glass or two more than was good for them They got into what is described as a "trifling brawl" among themselves Then a couple of German policemen rushed in The brawlers turned on the policemen and hustled them some It was a performance that in this country would have got a half dozen lines in a local paper

Not so in German military circles The brawlers were hauled up before a court martial and were given five years in prison They had done the sacrilege of hustling a policeman that is it [illegible] thought to be a sacrilege in Germany

And the men got five years for something that perhaps would have been adequately punished by a fine of three marks and costs The lives of five men ruined for something that among sane people would have been recognized at once as a trifling offense

We are glad there is some party in Germany to make a howl about this sort of thing And it is a pleasure to note that the protest of the Socialists promptly counted for something The men will not serve the five years Also there is promise that in such cases court martials will have to submit to big chunks of needed reform Affairs of this nature do not last a great while after some party summons [illegible] nerve to enter a telling protest It took a long while to get around to a sane and humane view of such affairs in Germany but it is coming

DECATUR'S DEATH RATE

Again Dr T N [illegible] as has been his custom for several years calls attention to the very low death rate in Decatur He assumes that Decatur has a population of 34,000 and surely he puts this low enough

Registered burials for the year that closed with June 30 number only 354 This was but a trifle more than ten deaths in a thousand of population The figures are much the same as those turned in other years

The death rate is so low as to excite a suspicion on the part of Dr [illegible] that he has overlooked something He has had this feeling for years and all this time he has done his level best to include in his figures everything that should be taken into account If he has overlooked anything he would like to have it pointed out

At any rate the mortality showing made by the city is a most remarkable one The indications are that a man will live about one and a half longer in Decatur than in Chicago or any of the centers of the large cities

The showing here is the best to be found in any Illinois city—Galesburg is the only place that gets in the same class with us If we keep up the lick we who live in Decatur can figure on staying around until we get very close to the century mark Life insurance companies should be called on to make us special rates

WHO DIDN'T HEAR HIM?

It appears that somebody has thought it worth while to call the roll of older residents who heard Henry Ward Beecher lecture Perhaps there was a notion that only a very few heard the man

That notion should be dissipated [illegible] now If the aim is to search out exceptions it might be more profitable to call the roll of older residents for the names of those who did not hear Beecher If they are [illegible] who attended lectures those who heard Beecher must far outnumber those who did not If you went to such entertainment forty years ago it is hard to understand how you could have missed Beecher then the foremost man on the lecture platform

In spite of the demonstration to the contrary Chicago people in less than a week will be setting up the claim that their city should be regarded as a delightful summer resort

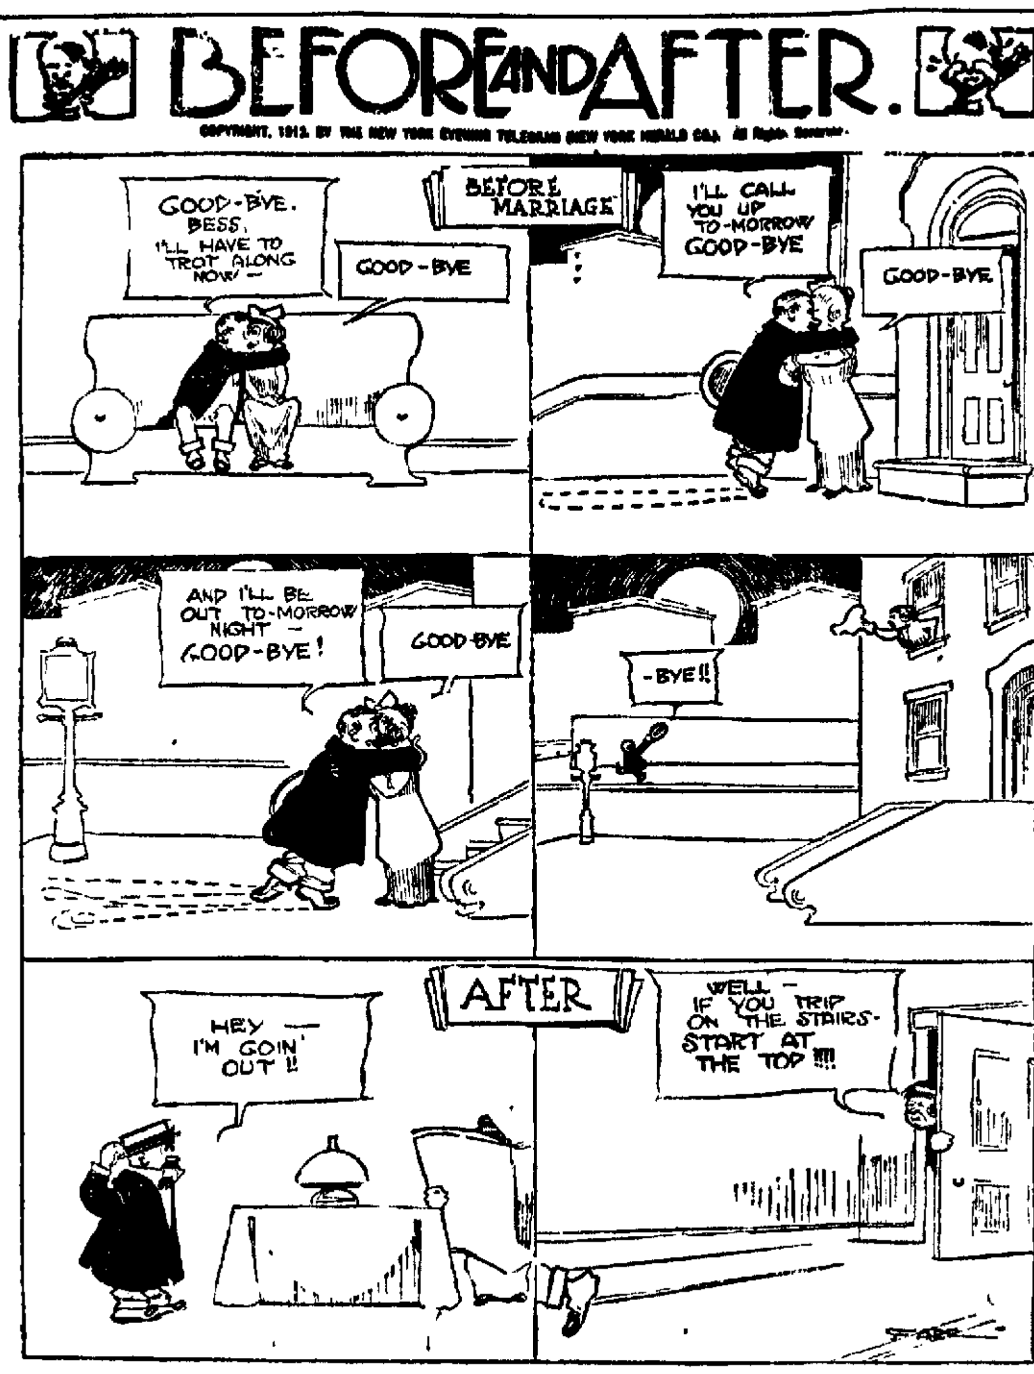

Three hundred thousand dollars of the good roads appropriation has been vetoed, but still there will be enough money to get the work started

The man who works on an ice wagon will not object to a drop in temperature he is pretty sure to have some thing coming to him

Congressman James T McDermott of the stockyards district in Chicago is being kept pretty busy these days

We had a notion that hot spell could not last forever but we were not so sure we could outlast it

The police department promises full and hearty cooperation in the putting on of a sane Fourth

A NUMBER OF THINGS

BY JINKS.

Said W. R. Mck. to J. K. Jr. Anent Mr Gompers

Yon Cassius hath a lean and hungry look
In his [illegible] pockets bulging and capacious
Snuggles quietly a brown statistics book
On his face there rests a smile benign and gracious

Surely surely he has nothing whatsoever
On us honorable men fat and respected
But why didn't our fore guards make us aware
Of his type before we let him be elected?

Ah alas that such base charge should be allowed
And that honest lives should be so persecuted
How shall we pacify the crowd
If this base malicious thing ain't be refuted?

"Avoid meats" (Easiest thing in the world if you obey the first instruction and have no credit with the butcher)

"Watch what you drink" (What's the use since we can't see a microbe with the naked eye and we have no microscope?)

"Swat the fly" (How can we and obey instruction No 1? Swatting the fly is in the same class as playing tennis and it's no job for one with a weak heart)

"Ventilate your clothes as you would your house or office and change them often

(Dear Doctor we must pause here and ask you to particularize Would you advise forced draft or merely that we open the doors and windows of our garments? Do you know of any reliable system of ventilators for clothing and change them often Can the Ethiopian change his skin or the leopard his spots?)

"Bathe as often as you want but always avoid extreme hot or cold water (That is a grateful hint but the hardest of all to obey We are miles and years removed from that old swimming hole where we used to "want" to bathe twenty-four hours a day in the superheated season but relentless fate in the guise of a tobacco patch, cornfield and garden prevented We always avoided extremely cold water except once when the ice was treacherous We wish you might have happened along with your health hints then that we might have shown them to a stern parent Your hint in this time of torrid temperature and prickly heat brings back the want of that old swimming hole but it doesn't bring the swimming hole any nearer Can you suggest any substitute?)

"Don't keep thinking how hot it is and look at the thermometer every few minutes (We'll cut out the thermometer because we haven't any, but our thinker is still working in a dull and languorous way and it is still hot Until our reason totters and while this temperature maintains it seems impossible from our limited knowledge of psychology to think that it is cold or even lukewarm

HISTORY OF CIVAL WAR DAY BY DAY

JULY 2, 1863.

Gettysburg—Artillery Contest, and Subsequent Attack.

After a night and part of the morning given over by both generals to a concentration of forces each side faced the other on two opposing ridges with a command of 80,000 men each began a great artillery contest which lasted with terrific force during the day The cannonade was fierce and incessant Shells rained in deadly showers into the town and poured over the works of both armies but other than creating a frightful noise and shattering houses in the town the heavy [illegible] had little effect on the result of the battle as neither of the opposing forces could be driven from its position

POSITIONS OF CORPS

The two forces were about a mile apart when the day opened Two western corps under Generals Longstreet and Hill occupied Seminary Hill with union General Sickles's Twelfth Corps and Howard's Eleventh confronting them. Confederate General Ewell was [illegible] taken a position in front of Culp's Hill

General Lee in following the aggressive policy which had proved successful so far directed his right and left wing commanders to assail Meade's right and left flanks while Confederate General Hill, commanding in the center made constant thrusts at the union center thus preventing reinforcement from there to [illegible] extremities

LEE'S ARMY REPULSED

General Longstreet hurled his [illegible] against the union flank [illegible] after a short preliminary [illegible] and the battle raged [illegible] uneven ground until Jackson [illegible] Ewell withheld his attack against the right flank of the union [illegible] Cemetery Hill until after Longstreet had been repulsed in his first [illegible] contesting were [illegible] in the open [illegible] meet with the same result [illegible] tempered with the [illegible] of federal breastworks [illegible] vision just as [illegible] the field of battle

Confederate General [illegible] his division up Cemetery Hill in a spirited storm but was [illegible] hand to hand battle with [illegible] and the batteries [illegible] corps Thus the day closed with no decided change in position although General [illegible] repulse [illegible] sive tactics on the next day

MEADE'S COUNCIL OF WAR

During the night General Meade fearing that the Confederates might [illegible] flanks [illegible] turn his [illegible] tions of retreat A council of war was called and after hearing the views of his generals [illegible] Richmond confirming the union belief that Lee could receive no reinforcements from that quarter Meade decided to stand fast to his position

AT VICKSBURG

In the meantime things were progressing with General Grant [illegible] of Vicksburg [illegible] bombardment was leveled at the [illegible] city from both river [illegible] Rear Admiral Porter [illegible] Grant's land batteries [illegible] [illegible]

INSURANCE COMPANY WOULD INCORPORATE

Kaskaskia Directors Meet At Shelbyville.

Shelbyville, July 2—Another step in the plans of the Kaskaskia Live Stock Insurance of this city to become an incorporated company under the laws of the state of Illinois, was taken Monday, when a meeting of the stockholders was held in the Kaskaskia building on Main street and directors and officers were elected. About sixty-five or seventy holders of stock were present at the meeting and directors were elected as follows:

For three years—T. H Righter, W. S. Moulds worth, W. J. Eddy.

For two years—J. C. Westervelt, George C Bolinger, C. F. Stiarwalt.

For one year—R. T. Eddy, J. L. Hoover, F. E. Latch.

The by-laws of the company were read and approved and after the serving of refreshments the directors met and organized by electing the following named officers:

President—W. J. Eddy.
Vice-president—T. H. Righter.
Secretary—C. F. Stiarwalt.
Treasurer—J. C. Westervelt.
General manager—C. F. Stiarwalt.

Committees were appointed and an adjournment was taken until July 14, when further business will be transacted by the directors.

TO PUSH BUSINESS.

The Kaskaskia Live Stock Insurance has been doing business for the past five years, about half of the time under the ownership and management of six partners, namely: W. J. Eddy, J. C. Westervelt, C. F. Stiarwalt, T. H Righter, R. T. Eddy and F. E. Latch. Under the management of Mr. Stiarwalt, with the more or less active assistance of his partners, the business has had a phenomenal growth. Recently it was determined to form a stock company with a capital stock of $100,000 and push the business in other states. The capital stock already has been subscribed and there is every prospect of a continued growth of the business along sound and progressive lines. Application for letters of incorporation will soon be made and the organization perfected.

154 BABIES.

According to birth reports filed with the county clerk, a total of 154 babies were born within the boundaries of Shelby county during the months of April, May and June, 58 being born in April, 34 in May and 84 in June Of this number 85 were male children and 69 were females. There was one pair of twins born in April and another pair in June. All the children were white One hundred twenty-eight fathers and 129 of the mothers were born in Illinois, while 17 fathers and 10 mothers were born in other states of the union. Three fathers and two mothers were foreign born.

The perjury hearing of John W. Jackson and Joe Hoban has been continued to Tuesday, July 8.

AWARDED SCHOLARSHIPS.

Hazel Davis of Holland township and Floyd Cobb of Richland township are pupils of the rural schools of Shelby county who, by reason of their excelling all others in the grades made on recent central examinations, have been awarded scholarships in Whipple academy, according to custom in vogue for some time.

Normal school scholarships, also based on work done in the central examinations, have been awarded to the following named pupils: Goldie Groves, Flat Branch, Alva Thompson, Tower Hill Grace Garrett, Oconee; Ned Guthrie, Cold Spring; Terressa Banning, Lakewood, Alta Hickman, Holland; Ray McVay, Shelbyville; Earl Morse Okaw, Doreatha Devore, Pickaway Lillie Zalman, Prairie, James Lugar, Sigel; Bessie Brady, Windsor; Helen Bohlen, Mowequa, Alta Christy, Rural Celestine Smart, Oconee; Verna Mills, Herrick; Ruby Fletcher, Dry Point, Lucy McCabe, Holland, Addie Wortman, Rose; Murrell Baptist, Ridge; Emma Rostine, Prairie, Ralph Bauer, Big Spring; Alta M. Clawson, Ash Grove, Harry Robb, Richland.

Sparks Business College scholarships, awarded to one pupil in each of the ten districts covered by the central examinations, are as follows: Cutler Alward, Penn; Louise Galster, Rural, Zelpha Chamberlain, Herrick; Nellie Crouch, Holland; Warren Hall, Big Spring, Ruth Burke, Ridge, Celestine Smart, Oconee, Ruby Fletcher, Dry Point, Addie Wortman, Rose, May Veech, Ash Grove.

SEVENTY-FOUR PASS QUIZ.

Seventy-four of the ninety-four rural school pupils who wrote on the recent final examination conducted by County Superintendent Lee W. Frazer in this city, made the required grades. The successful writers were: Helen Bohlen, Cutler Alward, Douglas Suppes, Marie Flaherty, Goldie Grace Beckett, Ross Groves, Florence Kuhle, Robert Brannan, Doreatha Devore, Hilda Pogue, Ruth Burke, Murrell Baptist, Bessie Rostine, Earl Morse, Ruth Roberts, Louis Galster, Opal Dowdy, Alta Christy, Mildred Galster, Alva Thompson, Stella Hamilton, Gordon Young, Celestine Smart, Agnes Smart Carl Guthrie, Ned Guthrie, Vida Torrence, Ennis Conley, Bertha Myers, Zelpha Chamberlain, Ona Lowe, Ruby Fletcher, Hugh Wortman, Ata Hickman Hazel Davis, Opal Summers, Hazel Yencer, Forrest Howe, Lucy McCabe, Nellie Crouch, James Good, Mary E. DOUBT DISAPPEARS

In One in Decatur Who Has a Bad Back Should Ignore This Double Proof.

Does your back ever ache?
Have you suspected your kidneys?
Backache is sometimes kidney ache.
With it may come dizzy spells.
Sleepless nights, tired, dull days,
Distressing urinary disorders.
Doan's Kidney Pills have been endorsed by thousands.
Are recommended here at home.
You have read Decatur proof.
Read now the Decatur sequel.
Renewed testimony; tested by time.

Mrs. E. Hughes, 1620 N. Church St., Decatur, Ill., says: "I am glad to confirm the public statement I gave some years ago in favor of Doan's Kidney Pills. I had more benefit from them then from any other medicine I ever took. I used Doan's Kidney Pills, procured from the Bell Drug Co., when my kidneys were troubling me. I had pains in my back and was annoyed by dizzy spells and headaches. Doan's Kidney Pills helped me from the time I began using them, and I have always kept them on hand since. I take a few doses occasionally, when my kidneys are not acting just as they should and am always benefited."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the united States.

Remember the name — Doan's — and take no other.

CHICAGO WOMEN PARADE STREETS

Over 200 Suffragets Celebrate Political Independence.

Chicago, July 2.—Chicago women celebrated their political independence yesterday when 200 women representing a score or more societies, which obtained the passage of the woman's suffrage bill, paraded Michigan avenue in gaily decorated automobiles. The bill granting equal suffrage to women for all officers not specifically forbidden by the state constitution became a law yesterday.

The line of parade was indicated by young women bearing yellow pennants and the cars were all gay with yellow banners and yellow balloons. Fifty thousand persons, it is estimated, lined the streets on which the parade took place.

"4-in-2" STROPS

Absolute perfection has at last been attained in this wonderful strop.

The "Stropping" and "Honing" side is made of the finest horse hide, treated scientifically in such a manner as to produce marvelously quick and satisfactory results.

The "Finishing" and "Polishing" side is made of genuine, select SHELL horse-hide, fully "broke in" and in the exact length required to put the final touch on the razor.

IMPORTANT

To properly strop a razor, the long "sweep" should be used on the sharpen or honing side, but in finishing or polishing the blade, only short "whetting" strokes should be employed. Thus, Shumate's "4-in-2" Strop COMPELS the user to strop his razor in the correct manner.

DIRECTIONS FOR USING

Honing—A few strokes only when razor is very dull.

Sharpen—A dozen strokes before each shave will keep the edge sharp.

Finish—Use this side freely. It makes the edge smooth.

Polish—Use occasionally to polish cutting edge.

THE ONLY STROP WHICH CANNOT BE USED IMPROPERLY.

CAME TO PANA 51 YEARS AGO

Joseph Lybrand Millard Died This Morning.

Pana, July 2—Joseph Lybrand Millard died at 5:15 Wednesday morning after a week's illness. He had been in poor health for some time. He was sixty-nine years of age in April.

He was born in Pennsylvania and came to Pana when he was eighteen. The town then was only a small village. He never married. He had been making his home with his niece, Miss Annie Nelley. He followed his trade, that of carpenter, until his age prevented him. At one time he spent two years in the undertaking business and was one of Pana's first undertakers. He was a member of the 112rd Illinois Volunteer Infantry in the civil war.

He was the last of the family, with the exception of a half-sister. One sister, Barbara Millard, was a missionary in Africa and died there.

The funeral will be held at 4 o'clock Thursday afternoon at the Nelley home, Rev. P. P. Carson officiating.

SKULL CRUSHED, MINER DIES

Morris Harris Victim of Accident At Taylorville.

Taylorville, July 2—Morris Harris died at 11 o'clock last night in St. Vincent's hospital. His skull was crushed at 1 o'clock in the afternoon in the Peabody mine No. 7. He was the leader of a shift of men doing blasting. They had finished this work, however, when a piece of slate weighing about fifty pounds fell on his head, crushing his skull.

Harris came here from Coffeen, Ill. It is said that he was also known by the name of Jenkins, but on the mining company's books his name was given as Morris Harris. In his pocket was found a letter from his sister living in Old Fort, Pa. A telegram was sent to her immediately. No funeral arrangements will be made until she is heard from.

WABASH PASSING UP TAYLORVILLE

The City Officials and Merchants Raise Protest.

Taylorville, July 2—In connection with the Merchants' association and Chamber of Commerce the city council is going to make a fight to prevent the Wabash railroad from passing up Taylorville with some of its fast passenger trains, particularly the one due here at 4:30 p. m. and the one due from the west at about 2 a. m. The Chamber of Commerce and Merchants association have already written the Wabash in regard to the curtailment of Taylorville's passenger service and the city attorney was instructed to act for the city.

FRANCHISE TURNED DOWN.

The city council Monday night considered the Pana-Taylorville-Springfield interurban, and when an amendment was adopted making the length of the grant twenty five years instead of fifty years, W. B. Adams, one of the promoters of the road arose and declared his company would not accept a franchise for that short a time.

DECATUR DEATH RATE ONLY TEN A THOUSAND

Annual Estimate By J. N. R. Has Usual Interest.

Decatur, July 1.

Editor Review:—There are not many persons in any community or town whose attention to the statistics of mortality is more than momentary, unless the challenge is made by the death of a near friend.

We all understand that consideration must be given to all that relates to death but we readily resign this care to others.

It is necessary to give but little time or attention to the mortuary records of this city for the year just ended to know that "our lines are drawn in pleasant places."

Everyone knows that accuracy is above all necessary to determine the rate or ratio of mortality in a town or nation. Accuracy is impossible under prevailing conditions. The official enumeration of the living is made once in ten years. In the intervals estimates must serve in the lack of certainty. We may safely estimate the populatin of Decatur at this date at 34,500 as the rate of gain in the previous decades was certainly not greater than during the last three years. People of sanguine temperament believe it much less. The writer knows that many will regard this estimated gain as ridiculously small.

The registered burials in Decatur in the year just ended were 354.

The estimated death rate is 1.025 per cent.

This rate is so small that many will regard it as incredible, mistaken, impossible. The calculations f successive years have been equally incredible but they have been verified in every instance in which it has been possible to make comparison with the official returns of the board of health of the state.

In any case the error is so small as to be inconsiderable and the implied conditions of environment, the manner of life, though capable of improvement, are, in the main, as favorable as can be found in a town of 35,000 on this continent or any other when guessing is excluded.

The possible sources of slight errors have been mentioned so often heretofore as to need no further recital.

HUMIDITY HIGH; FIGURES ARE GIVEN

Barometer Has Stayed Above Normal, Too.

Mt. Zion, July 2.

Editor Review:—Observing your query in yesterday's Review concerning the "humidity" during the recent oppressive weather, I will say that during that time the percent of moisture remained pretty steadily at about 90, the normal being 65 and full saturation of course being 100. At 7 o'clock this morning it is slightly above 80. The barometer, however, during this period refused to budge from about 29.60. Not once I think during the month of June did it get below 29.50, which is the normal pressure for our altitude.

Had the barometer been low during those days with this percent of moisture the Sangamon river would doubtless have been all over the map. But with a high barometer the clouds are usually high and if we get anythig from them under those conditions it is apt to be hail or scattered showers or both.

RESCUES DROWNING BOY IN BLOOMINGTON

George Kirk, a Decatur boy employed in Bloomington, rescued a fifteen year old boy from drowning in Miller Park lake last Monday evening. The boy, Clarence Enos, jumped from the diving board with some other boys and when he first appeared above water, shouted for help. Kirk dived in, got hold of the boy under water and brought him to the shore.

"MANNY" ABRAHAMS DIES OF APOPLEXY

Chicago, July 2.—Emanuel Abrahams, alderman of the Twentieth ward, died at a hospital here last night, two hours after he had been stricken with apoplexy at the city hall.

Abrahams was a member of the state legislature and voted to elect William Lorimer to the United States senate, and, according to the testimony presented to the senate commission, he was the "bell wether" of the lower house. By reason of his name, he was the first to vote in the roll calls.

MAIL COLLECTOR'S AUTO HITS MAN

B. F. Sellars Injured By Hopping's Machine.

B. F. Sellers, 1336 South Hill street, was struck and painfully injured by an automobile driven by Charles Hopping, letter carrier. The accident occurred at on Lincoln square just before noon Wednesday and attracted a crowd of several hundred persons to the Hilligoss drug store where Sellars was taken after the injury.

GASH IN HEAD.

Sellars was stepping off of a street car at the Hilligoss drug store corner. Hopping came around the corner at a good rate of speed and struck Sellars before he could get away. Sellars was thrown to the ground and back against the car. He received a short deep gash in the head, severe bruises about the body, a badly wrenched side and sprained back. The injuries are painful but not serious.

Witnesses to the accident say that Hopping violated the city speed ordinance when he struck Sellars. Policeman Stevenson assisted in picking up Sellars and he too declared that Hopping had violated the city ordinance. Hopping was going pretty fast at the time and he was rounding a corner. It is said he drove within six feet of the street car while it was stopped to allow passengers to get off.

The postal collector has been repeatedly warned by the policeman to obey the city ordinance, but he declares that he does not have to do so as he is an employe of the government. He has never been arrested for a violation and so a test case has never been tried between Hopping and the city ordinance.

Hopping drives a Ford car. He has just recently given it a new coat of bright red paint.

MISS MARIE FLOCK STILL UNCONSCIOUS

Relatives Despair of Edinburg Girl's Recovery.

Blue Mound, July 2.—Miss Marie Flock, the Edinburg young woman seriously injured in an automobile wreck near here Monday night, was still unconscious this afternoon. She has been unconscious nearly forty hours and her parents and friends despair of her recovery. Attending physicians still hold out hope, however of her recovery. Miss Flock received a concussion of the brain.

REST OF PARTY RECOVERING

The rest of the party, Mr. and Mrs. G. E. Jabusch and Dr. John Wolaver, are much better today. Mrs. Jabusch is still confined to her bed at the hotel. Miss Flock was moved to the home of Emory Bradley where her surroundings are more quiet than at the hotel.

LIGHTS WERE BURNING.

Mr. Jabusch and Dr. Wolaver assert that the head lights on the machine were burning when the accident happened. The statement that there were no lights were erroneous. Mr. Jabusch was driving along the side of the road, which was in poor condition, and saw the bridge too late to control his machine.

MEXICANS HOLD AMERICAN PRISONER

Parents Appeal to Washington to Obtain Boy's Release.

Los Angeles, July 2.—An appeal was sent to the state department at Washington today for the release of L. H. Morrison, a Los Angeles man who is held prisoner by the Mexican federal forces. Morrison's parents, Mr. and Mrs. J. D. Morrison were informed their son had been captured and taken to a prison in the state of Sinaloa.

Morrison was in the employ of a construction company near Guaymas. He was taken prisoner, according to advices received here, while making a trip from Guaymas to Hermosillo.

BIG PROMOTION FOR DR. JOHN FINLEY

Former President of Knox College Appointed to $10,000 Job.

Albany, N. Y., July 2.—Dr. John H. Finley, president of the College of the City of New York and former president of Knox college, Galesburg, Ill., today was appointed state commissioner of education by the state board of regents. Dr. Finley succeeds the late Dr. Andrew Sloan Draper, who for a dozen years was president of the University of Illinois. The salary is $10,000 a year.

"LONG" TRADERS HAVE CONFIDENCE

Market Firm Beneath Surface, Stocks Scarce.

New York, July 2.—Recent indications of the market's underlying firmness, and of the scarcity of stocks, gave traders on the long side more confidence, and the street was full of "bull tips" on some of the more conspicuous speculative mediums. The foreign markets continued to reflect uncertainty over the financial and political outlook, and bears expected assistance in the way of selling from abroad. Berlin sold Canadian Pacific moderately on direct orders and Paris unloaded low priced coppers but the total of foreign selling was not large.

Bear traders, disappointed in this respect, soon abandoned their attack on the list. Following the opening decline and the subsequent recovery, on both of which movements few stocks fluctuated as much as a point, the market was maintained on a dead level during the remainder of the forenoon. Bonds were steady.

Chicago Market Letter.

Chicago, July 2.—WHEAT — Strong and higher and closing with an excellent tone. Cables did not respond to our advance of yesterday, but there has been a change in sentiment and the feeling prevails that just at the time there are too many who are looking at the bear side. Primary receipts are liberal but clearances continue in good volume and as every break results in export business, we cannot see where any pronounced decline is likely to come about. At the moment we favor taking the long side for moderate profits at least.

CORN—Very strong and sharply higher. Cables were higher and this started the trade to buying. Offerings were very light and a sharp advance was easily scored. The cash article also maintained a steady tone and offerings were quickly picked up. Weather conditions continue ideal and while there seems to be a very friendly feeling to this cereal we cannot but believe that the advance today is largely superficial and that sales of December corn on the bulges will provide remunerative returns.

OATS—Have also been strong and sharply higher with the feeling that they are worth the money. There has been no particular news of consequence in the market today but the advance came about easily and closing figures are round top prices. At the extreme offerings became more liberal in a profit taking way, but the situation is a sound one and purchases are recommended on any minor setback.

PROVISIONS Have been strong and higher. The monthly report showed a large increase in the stocks of lard but this was expected and had no bearish effect. The cash demand continues good and we look for no pronounced setback at this time.

DROVERS' TELEGRAM.

Kansas City, July 2—The Kansas City Drovers' Telegram last night had the following reports:

Kansas City—Following from Nebraska points on yields of wheat. Octave 30 to 40 bushels, Columbus 25 to 35; Woodriver 30; Cortland 25, Elmwood 30; Strague 25; Ames, 20, Scuyler, 20; Grafton, 23, Manley, 25; Crete, 25, Beatrice, 28.

Kingfisher, Okla.—Wheat is turning out from 8 to 17 bushels an acre. Threshing is on in full blast. Corn looks fine, some fields are tasseling, oats are no good.

Washington, Ia.—In southwestern Iowa and northwest to Des Moines crop prospects are fine. Oats are fine and corn is almost perfect. It is a week late. There is plenty of moisture for two or three weeks.

Rowen, Neb.—Crops in the southeastern part of the state are fine. 75 per cent of wheat is cut and threshing began today. Yield will average 25 to 27 bushels an acre. Corn is late but has a good stand and color.

OKLAHOMA CROP REPORT.

The Oklahoma crop report as wired by King of Toledo:

Wheat yield 12 bushels per acre against 14 bushels last year. On the government acreage it suggests 19,000,000 harvested last year. Corn condition 83, June 87, July last year 86, Oct. 67 and yield 200,000,000 bushels. Oats 15 bushels against 27.6 last year. On the government acreage it suggests 16,000,000 bushels against 24,000,000 bushels harvested last year.

Price Current.

The Price Current says —Last week developed high temperatures over the central and southwestern sections of the country which have been very harmful to the oats crop and further reduced the prospects of this crop of which less than an average yield can be expected, for it is doubtful if the favored states to the north can make up the deficiency.

Corn has not as yet been injured by the hot weather in these sections where the rainfall was sufficient lately, but in the dry areas of Illinois and parts of Missouri and Kansas the high temperatures accentuated the drouthy soil conditions. However, June weather has seldom sent corn back to any extent. As to winter wheat there is some complaints of light weight in some sections but on the whole threshing returnes speak of good quality and good quantity being harvested.

ESTIMATES.

Chicago, July 2.—Estimated cars: Wheat, 67, corn, 278; oats, 252; hogs, 14,000 head. Barley, 72.

LIVE STOCK.

Chicago Live Stock.

Chicago, July 2—Hog prices today showed firmness, receipts here being light and river markets having only curtailed supplies. Sellers expected most of the strength to hold throughout the day.

It was a sleepy sort of a trade in cattle. Buyers declared they would have enough stock to carry them until next week even if the run were to be cut to nothing tomorrow.

Demand for sheep and lambs was more active and arrivals fewer than expected. Packers had only a small quota direct.

HOG receipts 24,000, market 5c above yesterday's average. Bulk of sales $8.70@8.85; light $8.65@8.95; mixed $8.55@8.90; heavy $8.35@8.82½; rough $8.35@8.55, pigs $6.85@8.65.

WHEAT MARKET TURNS UPWARD

Seventy Boat Loads Taken At New York.

Chicago, July 2—Advices that ocean freight room to the extent of seventy boat loads had been taken at New York, turned the wheat market upward today after an easy start. The tendency to weakness at the outset was due to lower cables and the bearish crop outlook northwest. Opening prices were a shade to ⅛c off. September first sold at 89¾ to 89⅝c, a sixteenth to ⅛@¼c down, and then rose to 90¼c.

Later there was a reaction, especially in July, but export business from here via the gulf caused renewed firmness. The close was steady, with September ⅛c net higher at 90¼@⅜c.

Scantiness of offerings made the corn market strong. September, which started ⅛@¼c higher at 61⅝c, advanced to 62⅛c.

A further advance ensued, despite considerable selling by longs. The close was steady at 62⅜c for September, a net gain of ¾c.

Oats went upgrade because rural tenders were practically nothing. September opened ⅛c lower to a like amount up at 42⅛ to 42⅜, and ascended to 43c.

Free buying on the part of packers carried prices sharply higher all round. Opening prices were 2½ to 22½c up with September options at 20.02½ to 20.95 for pork, 11.62½ to 11.80 for lard, and 11.90@11.95 for ribs.

WABASH EARNINGS SHOW BIG INCREASE

Gross Is $3,837 More Than Last Year.

DEFICIT BUT $1,300,000

General Manager Henry Miller In Decatur.

Approximately $31,837,000 represents the gross revenues of the Wabash in the fiscal year closing June 30. This total is an increase of $3,837,000 over the gross of the previous year. It is also $1,553,000 more than the best previous year in the company's history.

IMPROVEMENTS HELP INCOME.

Out of the night of poverty, extending nearly a decade, the Wabash has risen to the heights of affluence from which it has expended money in real and lasting improvements. The receivership, while not the most desirable asset in the world, still acted as an elevator to prosperity during the year, and the company may be expected to reveal the benefits of this year's expenditures in both earnings and service during the coming year with the aid of that $13,000,000 worth of receiver's certificates.

About $660,000 represents the year's increase in maintenance expenditures. The company spent $1,000 per mile of roadway on structural and track improvements, and $2,100 on repairs to equipment.

Next year will mark even greater expenditures which will bring the Wabash to its rightful place among the most excellent roads in the country.

DEFICIT ONLY $1,300,000.

Net revenues after expenses for the year are paid will total $6,367,000, and, with revenue from other sources than that of regular earnings, will total a little more than $7,000,000, or $1,300,000 less than the amount necessary to cover interest on all its bonds. Last year the deficit on the same bonds was $2,861,000.

INDUSTRIAL AGENT.

C. W. Woods Gets Important Appointment from Vandalia.

C. W. Woods of the Vandalia has been appointed industrial agent of the road, effective at once. He will give special attention to the promotion of industrial developments along the line. He will also have other duties which will be assigned to him from time to time, by the general manager, or the general freight agent. Mr. Woods was formerly chief clerk in the general managers' office.

W. E. Richey has been appointed as acting chief clerk to the general manager to succeed Mr. Woods. Mr. Richey will hold down the position until a man is placed there temporarily.

Thought It Was a Holdup.

Imagination and the timely services of a block signal system which saved the Illinois Central from a bad wreck put the constabulatory of Belleville in a state of furore Monday when a farmer living near the Illinois Central tracks saw the two trains stop in the midst of a corn field and telephoned for the reserves thinking the passengers was being held up. East St. Louis officers were also notified and a posse formed to annihilate the bold marauders. When those representing the law's majesty reached the scene they found that the Dixie Flyer and a northbound freight had run over opposite ends of the block and had immediately stopped, thus averting a serious collision.

The bold, bad robbers whom the farmer had observed dashing about the train turned out to be the two train crews and a few curious passengers. An automobile load of deputy sheriffs and another car carrying police officers came to the rescue of the train.

Heavy Coal Traffic.

The Black Mockery, which in winter time is known as soft coal, continues to filter over the Decatur division of the Wabash in ever increasing quantities. Monday 153 cars of coal were loaded on the division, making a total of 3,267 cars for the 25 working days in the month, or an average of 148 cars of coal a day. On the last day of May 108 cars were loaded while 3,672 cars constituted the total of the 25 working days. An increase of 462 cars is shown over last month and 537 over June of last year.

GENERAL MANAGER HERE.

General Manager Henry Miller, accompanied by his family, passed through Decatur Wednesday morning at 11 o'clock. His private car came in on No. 4 from St. Louis and was switched here to No. 14 north. Only a very short time elapsed during the switching, but Mr. Miller alighted and held powwow with Superintendent Stumpf, H. C. Ettinger, J. F. Green and Jim Truitt. The same old story of lack of funds greeted questions of improvement in Decatur in the fleeting moments of the general manager's stay. From Chicago, the party will proceed to cool places in the north.

Every Train on Time.

A clear score launched the Wabash Decatur division on its journey at the start of another fiscal year Tuesday. Every passenger train pulled into the station on the tap of time, and the good omen promises a rosy year in Wabash fortunes. The traffic department shows an increase of business in every section during the year, and with the way things have started, a record breaker is expected in the coming season.

Dan McCallum Here.

Glad hands have been extended by men in division offices to Dan McCallum, who at one time held down the important and sometimes precarious position of assistant chief dispatcher in Decatur.

Mr. McCallum and family have newly arrived in Decatur from their home near St. Thomas, Ont. They will remain in Decatur for some time visiting friends.

Mr. McCallum is not decided as to his future occupation. He may possibly enter railroad work again.

RAILROAD GOSSIP.

The Wabash gravel pit at Richie will be opened Monday.

Engine Dispatcher Gus Nalefski has been forced to lay off on account of sickness. Medical advisors fear that an operation will be necessary soon if his health does not improve with under treatment.

Engineers Johnson, Welsh, Watson and Ewin are taking a lay off.

Engineer Gibire has been forced to take a lay off on account of sickness resulting from over heating.

Engineer Judy has reported for work.

Fireman Phillips is taking sick leave.

Fireman Cinney is laying off getting acquainted with a pretty baby girl.

Asks for Divorce.

Alleging [illegible] charge and cruelty Elsie R. Clark has filed a bill for divorce from William N. Clark. They were married at New Orleans March 24, 1908 and lived together till June 4, 1913. She asks for alimony and the custody of two children, one six and one four years old.

PUBLIC SCHOOL HEADS APPOINTED

H. B. Wilson Names Principals for Next Year.

Superintendent H. B. Wilson of the Decatur schools has made a reassignment of principals of the ward schools in this city for next year. Four schools will have new principals. They are Jasper, Riverside, Sangamon and Roach.

Miss Alice J. Mead who was last year principal of the Sangamon street school has been transferred to the principalship of the Jasper street school.

HEADS RIVERSIDE.

Miss Mabel Mutherabaugh who last year taught in the Oakland street school will be principal of the Riverside school. Miss Bessie Vanneman of the H. B. Durfee school last year will be principal of the Sangamon street school and Miss Nellie Clark, last year in the departmental school, will be principal of the Roach school.

There will be no other changes, all the principals remaining in their places with the exception of those mentioned.

LINEUP OF PRINCIPALS.

They are as follows:

H. B. Durfee—Miss Helen McGreaham.

DEATHS.

HARRY RAMBO.

Harry Rambo, well known barber of Decatur, died at Hot Springs, Ark., Tuesday afternoon after an illness of five weeks. His parents received word earlier in the day that his condition was critical and they were on their way to Hot Springs when a message came announcing the death. His wife was with him at the time of his death.

Mr. Rambo was thirty-seven years old. He was born at Cerro Gordo, Feb. 22, 1876. He came to Decatur thirteen years ago and learned the barber trade. Later he lived in Chicago a while, returning to Decatur about six years ago. He was employed in the shop under the Millikin bank for a long time, and also conducted the shop under the Citizens National bank for a while.

He was a member of the Church of God and Decatur lodge No. 684, Loyal Order of Moose. He is survived by his wife, his parents, Mr. and Mrs. Louis E. Rambo of Decatur and two brothers, John Rambo and Elwin Rambo of Clinton.

Mrs. Rambo started with the body for Decatur Wednesday and arrangements will not be made for the funeral until her arrival here.

MISS ORA STRIEWING.

Miss Ora Striewing, daughter of Conrad Striewing, proprietor of the Crystal theater, died at 8:06 Tuesday evening at St. Mary's hospital. The family home is in the Manitou building. Miss Striewing was taken to St. Mary's hospital when she was stricken by illness last December, and she has been there even since.

She was seventeen years old. She was born in Chicago March 23, 1896. The family moved to Decatur eight years ago and she had been here ever since. She attended the Decatur high school, leaving school in her sophomore year to take a position as operator for the Central Union Telephone company. She gave up that position last fall to take tickets at the Crystal theater. She was a member of Grace Methodist church.

Besides her father and step-mother Mr. and Mrs. Conrad Striewing, she leaves two sisters, Miss Hope Striewing of Chicago and Miss Constance Striewing of Springfield.

Friends may call at the residence in the Manitou block between 10 and 3 o'clock. The casket will not be open at the church.

The funeral woill be held at 4 o'clock Thursday afternoon at the Grace Methodist church.

JAMES NOLAN WHITE.

James Nolan White, infant son of Mr. and Mrs. Floyd White, died at 3 o'clock Wednesday morning at the family residence, 437 South Haworth avenue. His age was one year and eleven days. His death was caused by pneumonia.

He also leaves a sister, Dorothy White, aged nine years.

The funeral will be held at 10 o'clock Thursday morning at the residence. The services will be conducted by Rev. J. C. Willits. The body will be taken to Clinton for interment in Woodlawn cemetery.

MAN ROBBED AT I. C. STATION

George Virden Relieved of $30 As He Was Boarding Train.

George Virden was robbed of $30 at the Illinois Central station Tuesday afternoon as he was boarding the train for Macon. He did not miss his money till the conductor came for his ticket. He had a round trip ticket, so he was not delayed. He telephoned a description of the thief to the police, but the man was not found. Officer Cole and Special Agent Lindsey of the Illinois Central were on the platform at the time, but knew nothing of the robbery.

BAND CONCERT PUT OFF TILL TONIGHT

Because the slight rainfall of Tuesday evening dampened the grass of Central Park so that people could not sit down the band concert scheduled for the evening by the Goodman band was postponed until Wednesday evening at the same time and place and with the same program. Merchants who receive a benefit from these concerts should get a double measure of benefit from this one as an enormous crowd came downtown to hear despite the threatening weather conditions and undoubtedly the same crowd and probably more will be down this evening, the weather permitting.

As the Mueller band is scheduled for a concert at Dreamland park Friday night, there will be no downtown concert that evening.

DROWNING WOMAN SAVED BY STUDENT

W. Holcomb of J. M. U., Is Hero At Milwaukee.

FELLOWS AT THE HEAD

Of Conservatory Is Plan; Dean to Be Named.

Wallace Holcomb, a member of the Millikin football, basketball and baseball teams, figured in a sensational rescue of a drowning woman on the shore of Lake Michigan at Milwaukee Monday afternoon. Crazed by the intense heat, the woman jumped into the deep water of the lake and Holcomb, who was standing near, sprang in and pulled her out.

TOWED TO SHORE.

Speaking of the rescue, the Milwaukee Sentinel says:

"Crazed by the heat, Miss Nettie Greenberg of the Stockdale apartments, State street, jumped into Lake Michigan off Juneau avenue, late Monday. Wallace Holcomb, Centralia, Ill., who was standing nearby, jumped in after her and towed her to shore. The rescue was seen by a large number of people who were standing on the bank."

Holcomb, with Herbert Hessler, another J. M. U. student, is engaged in selling aluminum at Milwaukee this summer.

TO HEAD CONSERVATORY.

Dr. George E. Fellows, new president of the J. M. U., is hard at work making arrangements for the management of the Conservatory of Music during the coming year. It is hoped to have all matters in shape by the meeting of the board of managers, about July 15.

It is understood that Dr. Fellows is to become president of the conservatory as well as president of the college, and will handle the business affairs of the music school for the coming year. If this arrangement is carried out, Dr. Fellows will probably spend several hours every day at the conservatory to handle the business affairs.

DEAN TO COME, TOO.

In addition, a dean of the conservatory will be appointed, probably some outsider who can aid Dr. Fellows in the business matters and who can also devote some time to teaching. Nothing definite has been settled as yet, however, and will not be until Director Kaeuper comes to a decision.

Mr. Kaeuper will remain at the conservatory this summer and will assist in getting the work started this fall. He will get out the new catalog and will perform other duties which will take a great deal of time and care. Mr. Kaeuper says that he has not decided to accept any proposition from the board of managers and he may not come to any conclusion in the matter for a year or more yet.

TAYLOR'S STATEMENT.

"I fear that erroneous impressions have been given out concerning my back salary settlement with the board of managers of the Decatur college," said former President A. R. Taylor, Wednesday. "In the first place, the adjustment was purely a business matter both as to the amount due me and the method of payment. It is not a complimentary annuity or an honorarium in any sense of the word.

"In the second place, Lincoln college paid its share of my salary as agreed between the two boards of managers as long as I gave an agreed part of my time to it. It was Mr. Millikin's frequently expressed desire that all of my time should be given to the Decatur college and when the Lincoln board, in 1903, consented to that arrangement, it was with the specific understanding that its further responsibility for any part of my salary should cease. As a consequence, I could have no claim against it."

HOGAN ESTATE GOES TO WIDOW

Then to Children; Valued At $120,000.

The will of Patrick Hogan, disposing of an estate worth over $120,000, was filed for probate Tuesday afternoon and the hearing is set for July 26.

The entire estate is left to the widow during her life time and at her death it is to be divided among the children, Will Hogan, Michael Hogan, Agnes Murray, Patrick F. Hogan, Mary A. Hogan, John J. Hogan, Katharine Murray and Edward Hogan. The estate consists of over $100,000 worth of real estate, mostly in Macon county, and over $20,000 in cash, besides other personal property.

MARY YOAKUM'S WILL.

The will of Mary Jane Yoakum was filed for probate and the hearing is set for July 28. To the husband, James Albert Yoakum, is left $1 and the household furniture at 519½ North Morgan street. Her horse, stanhope and harness are left to Henry Tyler of Stonington. A Morris chair and trunk go to Julia E. Jacobs of Moweaqua. A $100 tombstone is to be placed at her grave within a year. All the balance of the estate is left to Elizabeth Leona Kemp. The will is dated June 12, 1913. While she was lying dead her husband is said to have taken a large sum of money from beneath her pillow.

QUIET JULY FOURTH PROMISED DECATUR

Noisemakers Conspicuous Largely By Absence.

"Decatur will have an exceedingly quiet and noiseless Fourth of July this year," declares a prominent dealer in fireworks. "The tendency is to run more to night fireworks this year than toward the noisy fire crackers and cannon crackers of the day. In fact but few of the cannon crackers will be heard in Decatur."

ORDINANCE EFFECTIVE.

The new city ordinance which was passed last year is now getting in its effect, but not until July 4 will citizens of Decatur reap the benefit and discover the blessing the council gave them when they passed this ordinance, which prohibits the exploding of large firecrackers. There will be none of the downtown shooting that has been so disagreeable to many people in previous years. Here and there a small boy may drop a firecracker in the street, but as a general thing the shooting will be confined to the youngsters' own back yard.

WIDER VARIETY THAN EVER.

In the night fireworks a person may obtain a large selection and variety this year. There is even a larger variety this year than ever before and the traveling men for the fireworks concerns all passed the word around when they visited this city that the dealers had better put in a good supply of the night works, rather, than overstock on the day works. Many of them took the advice of the traveling men and now they are seeing the wisdom of their act.

There are only a few new things on the market this year in the way of night fireworks. Among them are the aerial X-ray, the shooting bombs, the silver fountain, the shooting golden meteors, the jack-in-the-box and chameleon bombardments. These things can be found in different sizes ranging from 5 cents in price to 50 cents. The Pekin light torch is a new thing in colored fire.

Of course all of the old standbys will be on the market. Roman candles flower pots, mines, skyrockets and the like will take care of their share of the business.

SALE HEAVY SO FAR.

The sale of fireworks has been good so far. Not until Monday morning were the dealers allowed to sell the explosives. The new city ordinance regulated this. There are fewer dealers than ever this year handling the fireworks. Uptown there are practically only two dealers who have a very large stock. In one block on South Main street there are three dealers who are handling fireworks, but their stocks are limited. On North Water street a couple of dealers handle the noise makers and in the east end there are two places where there are fairly large supplies of fireworks. Then about eight or ten of the small grocery stores in the residence district of the city are handling a few sky rockets, Roman candles, fire crackers and such.

A couple of Decatur dealers have a stock of toy pistols. To sell this is a state offense. A bill which was recently signed by E. F. Dunne prohibits the sale of these dangerous toys and makes it a misdemeanor to sell a toy pistol. There has already been a number of them sold in Decatur, but it will go hard with the man who is caught selling them now. The largest firecracker most of the dealers are carrying is two inches long.

FUNERALS.

The funeral of Samuel Moran was held Tuesday at the residence of his son, R. E. Moran, 757 East Whitmer street. There was a large attendance of old friends. While the G. A. R. did not attend in a body, many of the old comrades were present and the pallbearers were all members of Dunham post. The services were conducted by Rev. F. B. Jones, former pastor of the First Christian church. The music was furnished by Miss Lois Booth and Miss Dora Lewman. The pallbearers were William H. Walley, James Thompson, L. A. Moore, Jacob Hanks, Joshua Hubbard and N. S. Haynes. The interment was in Greenwood.

HENRY DUDA.

The funeral of Henry Duda was held at 2 o'clock Tuesday afternoon at the home of his parents, Mr. and Mrs. August Duda, 1507 East Marietta street. The services were conducted by Brother Tadday of the German Evangelical church. The pallbearers were William Borosch, Herman Pamlikowski, Otto Hayhas and Gotfried Bozzerin. The interment was in Greenwood.

STEPHEN O'CONNELL SR.

The body of Stephen O'Connell, Sr., was taken to Springfield Wednesday morning and the funeral will be held there. The inquest was held at 4 o'clock Tuesday afternoon by Coroner Elmer Brintlinger. The verdict was that death was due to natural causes.

DANIEL REEME.

The funeral of Daniel Reeme will be held at 4 o'clock Thursday afternoon at the family residence, 876 North Church street. The services will be conducted by Rev. W. H. Penhallegon, and will be under the auspices of the G. A. R. The interment will be in Greenwood.

WILL ATTEND THE REEME FUNERAL

Members of Dunham Post and the W. R. C., are to meet at the hall, North Main and William streets, at 3 o'clock Thursday afternoon to attend the funeral of D. A. Reeme, which is to be held at 4 o'clock at the residence, 876 North Church. All old soldiers are invited to meet with them.

WOMEN TO HOLD A PORCH PARTY

Presbyterian Society to Gather at Mrs. White's Home.

The Woman's Missionary society of the First Presbyterian church will hold a porch party Thursday afternoon at 4 o'clock at the home of Mrs. W. E. White in Park Place. The meetings of the society are usually held on Friday afternoons but this week it comes on Thursday.

Hostesses will be the women whose names begin with W., Mrs. E. A. West and Mrs. W. E. White being chairmen. Special music will be furnished by Mrs. A. E. Ahrens. Mrs. Ira Clokey will speak on "Mormonism as a Religion and as a Life" and an address will be made by Mrs. Ralph Mills. This will be the last talk here by Mrs. Mills before leaving to return to Korea.

ALVA WILSON SELLS FURNITURE STORE

Bought By Stadlers and Robertsons.

NO CHANGE IN POLICY

Same Force Stays—Younger Men In Charge.

Negotiations were completed Wednesday morning whereby Alva G. Wilson sold his furniture store at 432-50 North Water street to George A. Stadler, Mrs. Mary L. Robertson, Eugene C. Robertson, Warren A. Stadler and Harry N. Stadler. The new owners will take possession of the business about July 15 and will continue it as it has been run, with policies and employes unchanged. The consideration is said to be between $30,000 and $35,000, a low price for a business of such established success.

SAME POLICIES AND PEOPLE.

The new owners will incorporate under the firm name of the Stadler-Robertson Furniture company. Mr. Stadler and Mrs. Robertson will be heavy stockholders and Mr. Stadler will be closely in touch with the business all the time, though he will not be active in it or appear in it as a manager. The conduct of the business will be in the hands of Eugene Robertson and Warren and Harry Stadler, all successful and progressive young men.

The Stadlers were associated with their father in the grocery business till recently. Mr. Robertson was with his father, the late O. C. Robertson, in the manufacturing of women's clothes for some years. For several years, however he has been an efficient salesman for the Oliver Typewriter company with headquarters in Bloomington.

Mrs. Robertson who is Mr. Robertson's mother, has lived in Decatur since last fall, her husband having died in Harrisburg, Pa., last year. She lives at 826 West Wood street.

WILSON LEAVES DECATUR.

Alva Wilson expects to leave Decatur this fall, going to either California or the Isle of Pines. If he decides for the latter he will develop the land he recently bought there. He secured a half interest in 500 acres across the island from the Ohio colony, in which several Decatur people have invested. Mr. Wilson wants to be on the ground if he plants this land. His wife's health is the reason he wants to leave Decatur. While she was on the island last winter she was ill not a day. Immediately on her return to Decatur she was attacked again by her bronchial trouble.

SUCCESSFUL BUSINESS.

Mr. Wilson is prosperous and successful. The business he sells has been in existence twenty-two years, during all of which time he has been connected with it. It started as Frank Sanford & Co., and lasted thus two years. Then it became Akers & Wilson, C. E. Akers now of California, buying an interest in it. Later Mr. Wilson bought Mr. Akers share. The Akers & Wilson store was on North Main street till Akers and Wilson bought the lake property on North Water street and erected the present building there. The building contains 40,000 square feet of floor space, of which 10,000 feet is leased to the Osgood & Helmer Manufacturing company. Some months ago Mr. Wilson had a deal under way to buy Mr. Akers share in the building, but it fell through at the last minute. The first step in the present deal was securing Mr. Akers consent to the new lease.

CONFIDENCE IN DECATUR.

"Yes, we have purchased the Alva G. Wilson furniture business," admitted Mr. Stadler Wednesday morning after much pressing. "We expect to incorporate under the name of the Studler & Robertson Furniture company. The stock will be owned by me, Mary L. Robertson, Warren Stadler, Harry Stadler and Eugene Robertson and the business will be in charge of the last three named. The new firm will retain the same clerks and other help now in the employ of Mr. Wilson. Some of them have been with the Akers & Wilson firm ten or fifteen years. The business will be conducted along the same conservative lines that have proved so successful to the old firm.

"We feel convinced of the future greatness of the rapidly growing city and the possibilities for expansion in every line of merchandise. We see no reason why this business should not continue to grow if honest business principles are applied and the public is given fair treatment and good values, as we expect to give."

The deal will not change Mr. Stadler's relations with the Peoples Savings & Loan association, of which he is secretary. He will not be obliged to devote any particular time to the furniture business.

The business is a cash and easy payment business in all kinds of household furnishings and utensils. It has been a money maker ever since it was begun twenty-two years ago.

MARRIED.

KENNARD-PARK.

Joseph Ross Kennard and Maude Mabel Park were married at 9 o'clock Tuesday night by Rev. E. M. Smith at his residence 345 West Packard street. After the ceremony the couple went to their newly furnished home in the 1500 block North Broadway, where a supper was served. Next week they will go to Jacksonville for a week's visit.

Mr. Kennard is employed at the Schudel laundry. The bride is the daughter of Mrs. Anna Matthews, 1163 West Green street, and has been employed by the Central Union Telephone company. She is a graduate of the Jacksonville high school.

George Bramblett Nearly Well.

George Bramblett, who has been in St. Mary's hospital for four months and who underwent a serious operation, is now almost recovered.

streets, formerly occupied by the Peoples Furniture company. The new proprietor will be George Burnett, who was foreman of the furniture department of the Scovill store until his resignation some time ago. With Mr. Burnett are several other small stockholders but he is the principal in the business.

OLD FURNITURE ROOM.

The new store, which is to be known as the Leader Furniture company, will open in a week. Some of the stock is already on hand but as the interior of the building is being repainted, a new passenger elevator is being installed and other work done, it cannot be put in place yet.

Although that corner may seem an out of the way place, it is the oldest furniture store room in town, and has always been a successful corner doing a paying business and it would seem rather strange to see anything else there.

The store will carry a complete line of house furnishings. Mr. Burnett was formerly on the farm near Atwood and came to Decatur some time ago, working at the Mueller factory. Later he started in as a clerk at the Scovill store and rose to manager of the furniture department.

The store will occupy the entire three floors and basement of the building. The rooms are really the size of three ordinary store rooms being sixty feet wide.

AUTO TRIP.

Mrs. C. E. Dawson and daughters, Edith and Dorothy, are expected home this afternoon from an auto trip to Niagara Falls, Chicago and the lakes. It is probable they will be accompanied home by Mrs. Dawson's sister, Mrs. M. M. Strader, of Chicago.

GO EAST.

Mrs. W. W. Smith left Tuesday morning for her old home at Columbus, N. J., to spend six weeks or more. She went as far as Philadelphia with Mrs. B. B. James and daughter, Helen.

STORES TO BE OPEN ALL DAY THURSDAY

While tomorrow is the first Thursday in July, a number of the stores will not be closed for the half holiday owing to the fact that the following day is July 4, and the stores will be closed all day. The members of the Associated Retailers of this city will keep open all day Thursday and then instead of opening on the morning of July 4 they will be closed all that day.

With the pilot car over an hour and a half ahead of the main train, twenty-two automobiles, participants in the Indianapolis to San Francisco automobile tour of the Indiana Automobile Manufacturers association arrived in Decatur shortly after 2 o'clock Wednesday afternoon.
